Elizabeth [Onstott] (1824-1868) and James Coffee Turnbo (1820-1870). Silas was the oldest of eleven children in this family. The Turnbos were farmers in this part of the Ozarks along the White River.

When the War Between the States (Civil War) commenced, his father, James Coffee Turnbo, joined the 14th Arkansas Regiment Infantry, C.S.A., as a Lieutenant and later was promoted to Captain.

Silas C. Turnbo joined Company A, 27th Arkansas Infantry, C.S.A., as a Private when 18 years old. His military unit participated in the Battle of Little Rock (10 Sep. 1863), Jenkin's Ferry (30 April 1864) and the Red River Campaign (March-May 1864). This military unit surrendered at Shreveport, Louisiana, on 7 June 1865.

Silas married Mary Matilda Holt on 28 January 1869 in Taney County, Missouri. She had been born on 27 January 1849 in Arkansas. Her parents were Elizabeth (Hamblin) and Fielding Holt.

They had the following five children:

1) Elizabeth Turnbo, (1869-1944) who married Jesse Herd. 2) James Fielding Turnbo (1871-1951). 3) Mary Ann Jones (1872-1943) who married Gilfred L. Jones (1853-1938). 4) Fannie D. Jones (1875-1956) who married Frank Jones (1851-1933). Gilfred and Frank Jones were brothers. 5) George Turnbo (1878-1916).

During the War, Silas started keeping diaries of his wartime experiences. He wrote a history of his military unit:

Twenty-seventh Arkansas Infantry. After the War, he continued to record reminiscences from individuals about their personal experiences and various narratives. Some of the small town newspapers would publish his stories. In 1905 Turnbo published a book of 173 pages under the title: Fireside Stories of the Early Days in the Ozarks. Turbo approached William Elsey Connelley who was a prolific author and secretary of the Kansas State Historical Society with hopes that Connelley could find a publisher for Turnbo's articles.

Turnbo lost his 160 acre farm in the Ozarks and lived with various relatives or in the Missouri Confederate Soldiers Home in Higginsville, Missouri. Their moves took Turnbo to Protem, Missouri; Broken Arrow and Jenks, Oklahoma; and Montoya, New Mexico.

Turnbo was living with his son, James Fielding Turnbo, when he died on 15 March 1925 at the age of 80 years. His wife, Mary Matilda (Holt) Turnbo had died on 27 June 1922. Both were buried in the Park Grove Cemetery, Broken Arrow, Oklahoma. Two of their daughters, Fannie and Mary Ann, and their son, James Fielding Turnbo, are also buried in Park Grove Cemetery along with their spouses. A grandson, James Fielding Turnbo, Jr. (1914-1995), was recently interred in Park Grove Cemetery.

## Notes for Stanley Ray MOFFAT:

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

## Notes for Cathrene Ann "Ann" SHAKLEE:

Cathrene Ann ζAnnζ Shaklee Moffat

Ann was born on New Year ζs Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Ann ζs parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann ζs grandmother, Cora Faye Keifer Schmoock, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack ζs home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmoock ζs Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike ζs home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be

used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt.

Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

### Notes for Amanda Cathrene MOFFAT:

Amanda Cathrene Moffat was born full term. Sometime during the lengthy delivery she turned over and her cord knotted and she passed away before delivery. The attending Dr. Lee, turned and beat his hands against the wall after delivering her. Ann held her for a long time and then they took her away. She was deeply loved and sorely missed. There is still a hole in our family today that we do not often speak of, but when we think of the whole family, we always think of Amanda. I was in the delivery room with Ann, and she was a beautiful little lady.

Services are Thursday at 10:30 a.m. at Lost Creek United Methodist Church. Pastor Max Rudd will officiate. Interment is in Sunset Memorial Gardens, Stillwater. Strode Funeral Home is in charge of arrangements.

He was born on a farm near Piedmont on Oct. 13, 1918 to John K. Moffat and Bertha Isabel Nelson. He married Elinore Mae Siegrist in Mt. Zion Country Church, El Reno, on March 14, 1942.

Moffat attended Racine Country School and attended El Reno High School. After the death of his father, he quit school to help his mother on the farm. After his marriage, they purchased a neighbor's LACase tractor and plow for \$800 and started their dairying that lasted 45 years. They began milking 23 cows by hand in Canadian County, then bucket milkers, then pipeline milkers in Payne County. They farmed several places in Canadian County and then moved all livestock, machinery, household and family to a farm six miles south of Stillwater in September of 1960.

The family joined Lost Creek United Methodist Church and later joined Perkins First Baptist Church. They had two children: Stanley, born in El Reno and Marilyn, born in Okarche. In 1962, they moved to a farm on Highway 33, west of Perkins, after building a dairy barn. He delivered the first load of wheat in the county to Ahrberg's Elevator in 1962.

In 1972, he received the Stillwater NewsPress Top Stockman Award, 1995 Stillwater Chamber of Commerce Farm Family of the Year Award and 2001 Payne County Soil Conservation Award.

He always raised wheat and milked cows. He took trips with his family, churches and co-ops. He ended his dairy career in 1987.

He continued to farm with Angus cattle. His grandparents came from near Moffat, Scotland. He was known by his great-grandson, Austyn, as 'Grandpa Music' because he loved to listen to gospel and bluegrass music.

He belonged to Payne County Cattlemen's Association, Oklahoma Cattlemen's Association, Cimarron Valley Co-op and was a Life Member of the American Angus Association.

He was predeceased by his father; mother; sister, Mariel Liebscher; brother, Mervil; three nephews and one niece.

He is survived by his wife; one son, Stanley Moffat and wife, Ann, of Stillwater; one daughter, Marilyn Moffat, also of Stillwater; four grandchildren, Phillip Moffat and wife, Tammy, Heather Blankinship and husband, Paul, and Jacob Moffat, all of Stillwater and Jonathan Moffat and wife, Randi, of Roff; two great-grandchildren, Austyn Lee Moffat and Andrew Blankinship, both of Stillwater; two brothers, John J. Moffat, of Lexington and Ivan Moffat and wife, Freda, of El Reno and one sister-in-law, Fannie Moffat, of El Reno.

Memorials may be made to the American Heart Association, Oklahoma Affiliate, 3545 N.W. 58th St., #400C, OKC, OK 73112 or American Diabetes Association, 6600 S. Yale #1310, Tulsa, OK 74136.

Condolences may be e-mailed to the family at <http://www.strodefh.com/>

#### Notes for Stanley Ray MOFFAT:

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

## Notes for Stanley Ray MOFFAT:

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

## Notes for Cathrene Ann "Ann" SHAKLEE:

Cathrene Ann ζAnnζ Shaklee Moffat

Ann was born on New Yearζs Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Annζs parents lived on the farm known as the Kiefer Place which was owned by the parents of Annζs grandmother, Cora Faye Keifer Schmoock, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jackζs home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmoockζs Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mikeζs home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be

used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt.

Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

**Notes for Amanda Cathrene MOFFAT:**

Amanda Cathrene Moffat was born full term. Sometime during the lengthy delivery she turned over and her cord knotted and she passed away before delivery. The attending Dr. Lee, turned and beat his hands against the wall after delivering her. Ann held her for a long time and then they took her away. She was deeply loved and sorely missed. There is still a hole in our family today that we do not often speak of, but when we think of the whole family, we always think of Amanda. I was in the delivery room with Ann, and she was a beautiful little lady.

their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

Notes for Bertha Isabell NELSON:

died of Stroke

~~~~~Joanna Wilson on 2/23/2005...

The attachment looks pretty good. I looked at daddy's birth certificate again and see that grandma's name is Bertha Isabell Nelson. Grandpa is always John K. Moffat. I don't know whether he had a middle name or not. Daddy had said that he always used the initial K. If he had a middle name, apparently didn't like it. I also noticed Grandpa was born in New York and Grandma was born in Kansas. Laura's middle name is Isabell, so guess she was named after Grandma. I always thought she was named after Aunt Isabell, who was Grandpa Moffat's sister. Everything else looked pretty good. Joanna

Child 1 Oscar Lee MOFFAT

## Notes for Oscar Lee MOFFAT:

DEATH: Oscar Lee Moffat

Payne County Cattleman, Oscar Lee Moffat, 85, of Perkins, died Monday, Sept. 13, 2004, in Stillwater Medical Center.

Services are Thursday at 10:30 a.m. at Lost Creek United Methodist Church. Pastor Max Rudd will officiate. Interment is in Sunset Memorial Gardens, Stillwater. Strode Funeral Home is in charge of arrangements.

He was born on a farm near Piedmont on Oct. 13, 1918 to John K. Moffat and Bertha Isabel Nelson. He married Elinore Mae Siegrist in Mt. Zion Country Church, El Reno, on March 14, 1942.

Moffat attended Racine Country School and attended El Reno High School. After the death of his father, he quit school to help his mother on the farm. After his marriage, they purchased a neighbor's LACase tractor and plow for \$800 and started their dairying that lasted 45 years. They began milking 23 cows by hand in Canadian County, then bucket milkers, then pipeline milkers in Payne County. They farmed several places in Canadian County and then moved all livestock, machinery, household and family to a farm six miles south of Stillwater in September of 1960.

The family joined Lost Creek United Methodist Church and later joined Perkins First Baptist Church. They had two children: Stanley, born in El Reno and Marilyn, born in Okarche. In 1962, they moved to a farm on Highway 33, west of Perkins, after building a dairy barn. He delivered the first load of wheat in the county to Ahrberg's Elevator in 1962.

In 1972, he received the Stillwater NewsPress Top Stockman Award, 1995 Stillwater Chamber of Commerce Farm Family of the Year Award and 2001 Payne County Soil Conservation Award.

He always raised wheat and milked cows. He took trips with his family, churches and co-ops. He ended his dairy career in 1987.

He continued to farm with Angus cattle. His grandparents came from near Moffat, Scotland. He was known by his great-grandson, Austyn, as 'Grandpa Music' because he loved to listen to gospel and bluegrass music.

He belonged to Payne County Cattlemen's Association, Oklahoma Cattlemen's Association, Cimarron Valley Co-op and was a Life Member of the American Angus Association.

He was predeceased by his father; mother; sister, Mariel Liebscher; brother, Mervil; three nephews and one niece.

He is survived by his wife; one son, Stanley Moffat and wife, Ann, of Stillwater; one daughter, Marilyn Moffat, also of Stillwater; four grandchildren, Phillip Moffat and wife, Tammy, Heather Blankinship and husband, Paul, and Jacob Moffat, all of Stillwater and Jonathan Moffat and wife, Randi, of Roff; two great-grandchildren, Austyn Lee Moffat and Andrew Blankinship, both of Stillwater; two brothers, John J. Moffat, of Lexington and Ivan Moffat and wife, Freda, of El Reno and one sister-in-law, Fannie Moffat, of El Reno.

Memorials may be made to the American Heart Association, Oklahoma Affiliate, 3545 N.W. 58th St., #400C, OKC, OK 73112 or American Diabetes Association, 6600 S. Yale #1310, Tulsa, OK 74136.

Condolences may be e-mailed to the family at <http://www.strodefh.com/>

**THE SUNDAY WE NEVER ARRIVED AT CHURCH**

I think it is one of the ironies of life that some of our most harrowing experiences, with the passing of time, can become some of the most amusing, in retrospect. Perhaps this is one way that God balances the plusses and minuses in our lives.

I was eleven years old that spring of 1937. It had been raining this Sunday morning and the dirt roads would be slick but we did not worry about that as we prepared to go to church.

One of my brothers, with his wife, came by in their Model-A Ford coupe. I jumped in with them while another brother drove our 1928 Buick. Mama was in the front seat with my brother while Daddy rode in the back seat. They were about a quarter of a mile behind us but on down the road when we looked back, they were not behind us any longer. My brother stopped the car and we waited a bit but when they did not appear, we started to back up. Then we saw them! The Buick had slid off the road and overturned in the ditch.

The car had turned over on the passenger side so my brother Oscar, my Mama and Daddy were trying to upright themselves and try to get out. Soon, my brother rolled down the window on the driver's side and, standing on the steering wheel, he managed to pull himself out of the overturned car. He pulled Daddy to safety and it was then that they decided they had a real problem.

Mama was still in the car. And Mama was five feet tall and weighed 260 pounds. So it was no small problem facing them. Mama, in the meantime, had managed to get on her feet. She was standing on the window on the passenger side with her head barely visible coming out the window on the driver's side. She was a lesson in patience as she waited for Daddy and her boys to decide how to get her out of this predicament.

Bracing themselves the best they could, they managed, by pulling and tugging, to get Mama through that window. But the task was not accomplished--they still had to get Mama to the ground. By that time, we had been joined by a neighbor, who stood by me. My eleven-year-old mind was churning and suddenly I came up with the perfect solution. In dramatic fashion, I flung my arms open wide and yelled, "Jump, Mama, I'll catch you!" But our neighbor, afraid Mama might, in the uncertainty of the moment, take me seriously, yelled back, "No Bertha, don't jump!"

Well, we all did the obvious. My two brothers, with Daddy's help, took Mama's arms and eased her off the car, with our neighbor and me helping as she slid down. Needless to say, Mama had to forget all about her modesty that day.

Well, we all missed church that Sunday. Besides all of us being a muddy mess, by the time we got Mama on the ground, Church was over anyway. But you know, God was with us that day--Mama and Daddy and my brother were unhurt. And the only difference in this Sunday and any other Sabbath Day, this day our blessing came in a muddy road ditch-instead of Church.

Services are Thursday at 10:30 a.m. at Lost Creek United Methodist Church. Pastor Max Rudd will officiate. Interment is in Sunset Memorial Gardens, Stillwater. Strode Funeral Home is in charge of arrangements.

He was born on a farm near Piedmont on Oct. 13, 1918 to John K. Moffat and Bertha Isabel Nelson. He married Elinore Mae Siegrist in Mt. Zion Country Church, El Reno, on March 14, 1942.

Moffat attended Racine Country School and attended El Reno High School. After the death of his father, he quit school to help his mother on the farm. After his marriage, they purchased a neighbor's LACase tractor and plow for \$800 and started their dairying that lasted 45 years. They began milking 23 cows by hand in Canadian County, then bucket milkers, then pipeline milkers in Payne County. They farmed several places in Canadian County and then moved all livestock, machinery, household and family to a farm six miles south of Stillwater in September of 1960.

The family joined Lost Creek United Methodist Church and later joined Perkins First Baptist Church. They had two children: Stanley, born in El Reno and Marilyn, born in Okarche. In 1962, they moved to a farm on Highway 33, west of Perkins, after building a dairy barn. He delivered the first load of wheat in the county to Ahrberg's Elevator in 1962.

In 1972, he received the Stillwater NewsPress Top Stockman Award, 1995 Stillwater Chamber of Commerce Farm Family of the Year Award and 2001 Payne County Soil Conservation Award.

He always raised wheat and milked cows. He took trips with his family, churches and co-ops. He ended his dairy career in 1987.

He continued to farm with Angus cattle. His grandparents came from near Moffat, Scotland. He was known by his great-grandson, Austyn, as 'Grandpa Music' because he loved to listen to gospel and bluegrass music.

He belonged to Payne County Cattlemen's Association, Oklahoma Cattlemen's Association, Cimarron Valley Co-op and was a Life Member of the American Angus Association.

He was predeceased by his father; mother; sister, Mariel Liebscher; brother, Mervil; three nephews and one niece.

He is survived by his wife; one son, Stanley Moffat and wife, Ann, of Stillwater; one daughter, Marilyn Moffat, also of Stillwater; four grandchildren, Phillip Moffat and wife, Tammy, Heather Blankinship and husband, Paul, and Jacob Moffat, all of Stillwater and Jonathan Moffat and wife, Randi, of Roff; two great-grandchildren, Austyn Lee Moffat and Andrew Blankinship, both of Stillwater; two brothers, John J. Moffat, of Lexington and Ivan Moffat and wife, Freda, of El Reno and one sister-in-law, Fannie Moffat, of El Reno.

Memorials may be made to the American Heart Association, Oklahoma Affiliate, 3545 N.W. 58th St., #400C, OKC, OK 73112 or American Diabetes Association, 6600 S. Yale #1310, Tulsa, OK 74136.

Condolences may be e-mailed to the family at <http://www.strodefh.com/>

#### Notes for Stanley Ray MOFFAT:

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

## Notes for Stanley Ray MOFFAT:

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

## Notes for Cathrene Ann "Ann" SHAKLEE:

Cathrene Ann  $\zeta$ Ann $\zeta$  Shaklee Moffat

Ann was born on New Year $\zeta$ s Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Ann $\zeta$ s parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann $\zeta$ s grandmother, Cora Faye Keifer Schmoock, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack $\zeta$ s home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmoock $\zeta$ s Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike $\zeta$ s home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be

used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt.

Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

| <b>Notes for Amanda Cathrene MOFFAT:</b><br>Amanda Cathrene Moffat was born full term. Sometime during the lengthy delivery she turned over and her cord knotted and she passed away before delivery. The attending Dr. Lee, turned and beat his hands against the wall after delivering her. Ann held her for a long time and then they took her away. She was deeply loved and sorely missed. There is still a hole in our family today that we do not often speak of, but when we think of the whole family, we always think of Amanda. I was in the delivery room with Ann, and she was a beautiful little lady. |                        |

their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

## Notes for Leon L. LIEBSCHER:

DEATH: Leon Liebscher Defying medical odds, Leon Liebscher drew close to seeing 48 years of marriage with his beloved wife, Neta Jo. He not only fought his battle with poor health, but also watched and supported his wife as she battled cancer. He wasn't supposed to persevere as he did, but his miracle was strong will and the love he had for his wife. He was determined to see her through the last chemo treatment. It was then he let go of life here on Earth to have eternal life with our Lord and Savior in heaven. Leon went home peacefully on July 20, 2004. He was born on Feb. 6, 1933, at home on his family farm house three miles north and 1 ¾ miles east of El Reno to his parents, Ernest Joseph and Mariel (Moffat) Liebscher. He was a lifelong resident of El Reno and loved farming. He married Neta Jo Riley on Sept. 1, 1956. He was proud to serve his country in the U.S. Army during the Korean Conflict. He was county commissioner for District 1 from October 1974 through January 1979. He was a lifelong member of Mt. Zion Church and loved to witness about his Savior. He was a talented designer and welder who could fix anything if it needed welding. He loved to eat and celebrate with family and friends who blessed his life. Funeral services for Leon were held at 10 a.m. Saturday, July 24, 2004, at Mt. Zion United Methodist Church with Rev. Richard Hamilton, pastor, officiating. Burial with military honors were in the Sunnyside Cemetery. Services were under direction of Wilson Funeral Home. He was preceded in death by his parents and his brother, Eugene Liebscher. Those who will miss him most and remember him often are his wife, Neta Jo; son, Lester and wife, Monica Liebscher; daughter, LaNeta and husband, Steve Guth; son, Loren and wife, Kim Liebscher; beloved friend, Charles Grant; the light of his baby blue eyes, his seven grandchildren, Kelsey, Lindsey, Logan, Lydia, Sarah, Mallory and Blaze; sister, Laura Keller of El Reno; and many more relatives and special dear friends. The family suggests memorials be made to Mobile Meals, P.O. Box 879, El Reno, Okla., or Mt. Zion Church, 2904 E. Oklahoma City 150th, El Reno, Okla. 73036.

## Notes for Leon L. LIEBSCHER:

DEATH: Leon Liebscher Defying medical odds, Leon Liebscher drew close to seeing 48 years of marriage with his beloved wife, Neta Jo. He not only fought his battle with poor health, but also watched and supported his wife as she battled cancer. He wasn't supposed to persevere as he did, but his miracle was strong will and the love he had for his wife. He was determined to see her through the last chemo treatment. It was then he let go of life here on Earth to have eternal life with our Lord and Savior in heaven. Leon went home peacefully on July 20, 2004. He was born on Feb. 6, 1933, at home on his family farm house three miles north and 1 ¾ miles east of El Reno to his parents, Ernest Joseph and Mariel (Moffat) Liebscher. He was a lifelong resident of El Reno and loved farming. He married Neta Jo Riley on Sept. 1, 1956. He was proud to serve his country in the U.S. Army during the Korean Conflict. He was county commissioner for District 1 from October 1974 through January 1979. He was a lifelong member of Mt. Zion Church and loved to witness about his Savior. He was a talented designer and welder who could fix anything if it needed welding. He loved to eat and celebrate with family and friends who blessed his life. Funeral services for Leon were held at 10 a.m. Saturday, July 24, 2004, at Mt. Zion United Methodist Church with Rev. Richard Hamilton, pastor, officiating. Burial with military honors were in the Sunnyside Cemetery. Services were under direction of Wilson Funeral Home. He was preceded in death by his parents and his brother, Eugene Liebscher. Those who will miss him most and remember him often are his wife, Neta Jo; son, Lester and wife, Monica Liebscher; daughter, LaNeta and husband, Steve Guth; son, Loren and wife, Kim Liebscher; beloved friend, Charles Grant; the light of his baby blue eyes, his seven grandchildren, Kelsey, Lindsey, Logan, Lydia, Sarah, Mallory and Blaze; sister, Laura Keller of El Reno; and many more relatives and special dear friends. The family suggests memorials be made to Mobile Meals, P.O. Box 879, El Reno, Okla., or Mt. Zion Church, 2904 E. Oklahoma City 150th, El Reno, Okla. 73036.

## THE SUNDAY WE NEVER ARRIVED AT CHURCH

I think it is one of the ironies of life that some of our most harrowing experiences, with the passing of time, can become some of the most amusing, in retrospect. Perhaps this is one way that God balances the plusses and minuses in our lives.

I was eleven years old that spring of 1937. It had been raining this Sunday morning and the dirt roads would be slick but we did not worry about that as we prepared to go to church.

One of my brothers, with his wife, came by in their Model-A Ford coupe. I jumped in with them while another brother drove our 1928 Buick. Mama was in the front seat with my brother while Daddy rode in the back seat. They were about a quarter of a mile behind us but on down the road when we looked back, they were not behind us any longer. My brother stopped the car and we waited a bit but when they did not appear, we started to back up. Then we saw them! The Buick had slid off the road and overturned in the ditch.

The car had turned over on the passenger side so my brother Oscar, my Mama and Daddy were trying to upright themselves and try to get out. Soon, my brother rolled down the window on the driver's side and, standing on the steering wheel, he managed to pull himself out of the overturned car. He pulled Daddy to safety and it was then that they decided they had a real problem.

Mama was still in the car. And Mama was five feet tall and weighed 260 pounds. So it was no small problem facing them. Mama, in the meantime, had managed to get on her feet. She was standing on the window on the passenger side with her head barely visible coming out the window on the driver's side. She was a lesson in patience as she waited for Daddy and her boys to decide how to get her out of this predicament.

Bracing themselves the best they could, they managed, by pulling and tugging, to get Mama through that window. But the task was not accomplished--they still had to get Mama to the ground. By that time, we had been joined by a neighbor, who stood by me. My eleven-year-old mind was churning and suddenly I came up with the perfect solution. In dramatic fashion, I flung my arms open wide and yelled, "Jump, Mama, I'll catch you!" But our neighbor, afraid Mama might, in the uncertainty of the moment, take me seriously, yelled back, "No Bertha, don't jump!"

Well, we all did the obvious. My two brothers, with Daddy's help, took Mama's arms and eased her off the car, with our neighbor and me helping as she slid down. Needless to say, Mama had to forget all about her modesty that day.

Well, we all missed church that Sunday. Besides all of us being a muddy mess, by the time we got Mama on the ground, Church was over anyway. But you know, God was with us that day--Mama and Daddy and my brother were unhurt. And the only difference in this Sunday and any other Sabbath Day, this day our blessing came in a muddy road ditch-instead of Church.

Services are Thursday at 10:30 a.m. at Lost Creek United Methodist Church. Pastor Max Rudd will officiate. Interment is in Sunset Memorial Gardens, Stillwater. Strode Funeral Home is in charge of arrangements.

He was born on a farm near Piedmont on Oct. 13, 1918 to John K. Moffat and Bertha Isabel Nelson. He married Elinore Mae Siegrist in Mt. Zion Country Church, El Reno, on March 14, 1942.

Moffat attended Racine Country School and attended El Reno High School. After the death of his father, he quit school to help his mother on the farm. After his marriage, they purchased a neighbor's LACase tractor and plow for \$800 and started their dairying that lasted 45 years. They began milking 23 cows by hand in Canadian County, then bucket milkers, then pipeline milkers in Payne County. They farmed several places in Canadian County and then moved all livestock, machinery, household and family to a farm six miles south of Stillwater in September of 1960.

The family joined Lost Creek United Methodist Church and later joined Perkins First Baptist Church. They had two children: Stanley, born in El Reno and Marilyn, born in Okarche. In 1962, they moved to a farm on Highway 33, west of Perkins, after building a dairy barn. He delivered the first load of wheat in the county to Ahrberg's Elevator in 1962.

In 1972, he received the Stillwater NewsPress Top Stockman Award, 1995 Stillwater Chamber of Commerce Farm Family of the Year Award and 2001 Payne County Soil Conservation Award.

He always raised wheat and milked cows. He took trips with his family, churches and co-ops. He ended his dairy career in 1987.

He continued to farm with Angus cattle. His grandparents came from near Moffat, Scotland. He was known by his great-grandson, Austyn, as 'Grandpa Music' because he loved to listen to gospel and bluegrass music.

He belonged to Payne County Cattlemen's Association, Oklahoma Cattlemen's Association, Cimarron Valley Co-op and was a Life Member of the American Angus Association.

He was predeceased by his father; mother; sister, Mariel Liebscher; brother, Mervil; three nephews and one niece.

He is survived by his wife; one son, Stanley Moffat and wife, Ann, of Stillwater; one daughter, Marilyn Moffat, also of Stillwater; four grandchildren, Phillip Moffat and wife, Tammy, Heather Blankinship and husband, Paul, and Jacob Moffat, all of Stillwater and Jonathan Moffat and wife, Randi, of Roff; two great-grandchildren, Austyn Lee Moffat and Andrew Blankinship, both of Stillwater; two brothers, John J. Moffat, of Lexington and Ivan Moffat and wife, Freda, of El Reno and one sister-in-law, Fannie Moffat, of El Reno.

Memorials may be made to the American Heart Association, Oklahoma Affiliate, 3545 N.W. 58th St., #400C, OKC, OK 73112 or American Diabetes Association, 6600 S. Yale #1310, Tulsa, OK 74136.

Condolences may be e-mailed to the family at <http://www.strodefh.com/>

Child 1

Stanley Ray MOFFAT

Notes for Stanley Ray MOFFAT:

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

Wife Cathrene Ann "Ann" SHAKLEE

Notes for Cathrene Ann "Ann" SHAKLEE:

Cathrene Ann ÿAnnÿ Shaklee Moffat

Ann was born on New Year's Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Ann's parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann's grandmother, Cora Faye Keifer Schmoock, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack's home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmoock's Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike's home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

****Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be

used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. *****

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt.

Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

Notes for Amanda Cathrene MOFFAT: Amanda Cathrene Moffat was born full term. Sometime during the lengthy delivery she turned over and her cord knotted and she passed away before delivery. The attending Dr. Lee, turned and beat his hands against the wall after delivering her. Ann held her for a long time and then they took her away. She was deeply loved and sorely missed. There is still a hole in our family today that we do not often speak of, but when we think of the whole family, we always think of Amanda. I was in the delivery room with Ann, and she was a beautiful little lady.

their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital, El Reno, OK.

 Timberlake Church, from Connie LaGrow, 1/26/2005:

History of the Timberlake Church

The Timberlake Church was organized in September, 1894, by Rev. Charles Brown in the home of Emmett Keiffer and then moved from there to Brother H.H. Schott's dugout and held there until the fall of 1895. In 11897 the school house 2 1/2 miles northeast of Timberlake became the meeting place until the completion of the new church building at an estimated cost of \$1100.00. There were thirty-six members. Timberlake paid first year salary of \$27.00; second and third years about \$40.00. On March 18, 1903, the church which was located on the Dave Layton farm, was struck by lightning and was completely destroyed. About six months later a new building was built on the site across the road on the Charles Benedict farm and remained until September 24, 1945, at which time it burned to the ground. The parsonage was then converted to our little chapel of today. Sunday school continues in the basement of the parsonage until the completion of the chapel.

At the 13th Homecoming on September 28, 1947, the memorial was dedicated to the pioneers of this community, with Roscoe Keiffer giving the address. So, for 60 years, this church has been for and with the people of this community. With God's help we shall carry on.

This was found in a bulletin of the 22nd Annual Homecoming of the Timberlake Methodist Church, September 26, 1954. Minister was Franklin E. George.

We (Connie) went to this church with some regularity until we were in highschool. Gm. and Gp. Fred Shaklee attended this church until it burnt down in 1945 and then they moved their membership to the Methodist Church in Jet.

The first minister that I can remember there was a woman minister by the name of Mrs. Braley. She was a sister to the minister in Jet, Ralph Hooper.

I can recall the morning the church burnt down. When my grandparents called and said they could see smoke at the church we all rushed there, 1 mile north of the correction line where we lived at the time. By the time we got there smoke was pouring out the windows and the men wanted to go in and save the piano but the women refrained them from doing so. When the bell fell from the belfry it fell on the front cement steps and cracked just like the liberty bell. That is the memorial that the piece is talking about. They made a cement stand for it to sit on at the corner east of the first home of Ann with a marble plaque with a drawing of the church on it. Someone stole the bell years ago but the plaque has been preserved in a brick frame by Bill Crain in the Timberlake cemetery. The drawing was done by a longtime Sunday School teacher at Timberlake, named Ewell Dunsworth. If you don't want this information that is okay; I'll save it with my stuff for my kids.

I can recall that when I saw the school bus coming down the road that morning that I ran to meet it. But as I ran to meet the bus electric wires were laying on the ground that fell during the burning of the church and someone grabbed me and picked me up before I stepped on them. I wish I could remember who it was.

I was born in '38 so I couldn't have been but in the first or second grade at the time. I think it burned in the fall. I can kind of recall it being a cool crisp morning.

I'll find more on the church if you would like to have it.

**LOSS OF FIRST BABY TOOTH**

Isn't it odd about some of the things that we remember as a child growing up? Is it because of the drama of it or because we tell it over and over and it becomes ingrained in our minds? Well, one story that I have not only shared with our five grandsons and their parents but also with the eight preschool classes that I taught in my home. It is about the loss of my first tooth.

I was the oldest of three children, of Don and Lucile Shaklee, it seems that I was always experiencing some aspect of growing up first and then, I tried to help my younger brother and sister through those difficult times. My parents and we three kids lived on 160 acres of sandy and rocky land that my Dad rented on the correction line south and west of Jet, Oklahoma. It was on a windy hill just ½ mile south of the Timberlake Cemetery and on a clear day we could see Jet, Helena, Cherokee, and Goltry, We were on the very south edge of the Jet school district and my parents had to pay tuition two years to avoid me having to attend a one room school house 2 ½ miles from our home. My parents would have had to take and pick me up each day and I would have probably been the only first grade student at the school. The country school was only in operation three more years after I started to school. But instead my parents chose to drive me 1 mile to the Timberlake rural church to catch the school bus to attend school in Jet believing that I would get a better education and be with more children my own age.

I was in first grade and my teacher was Mrs. Sylvia VanOsdol. Usually mother was home when I got home from school and would pick me up, at the corner, we called it. But this particular day I had to walk home, the one mile. There was a boy, four years older than I, lived down the road from our house to the north 1/4 of a mile, and so, we walked home together.

When I got home, I was hungry and found an apple to eat. I don't recall even noticing my tooth was loose but it must have been because when I bit down on the apple to take a bite my tooth in front came out. My mother was a real disciplinarian; so seeing that I was now shy a tooth in front and didn't know that they were only baby teeth and that more teeth would grow back in their place, I figured I was in BIG TROUBLE!

So I figured the best bet would be to bury the evidence and keep my mouth shut the rest of my life. So I took the tooth out the front door and down the two steps and dug a hole in the ground in the corner by the steps and buried my first lost tooth. Mother came home soon and started to try to get a conversation out of me as to how school had gone that day but I wouldn't answer her and would only shake my head up or down. Well, this was not satisfactory because my mother wanted to know what I had in my mouth that I wouldn't talk to her. She took my face in her hands and demanded that I open my MOUTH! Well, I was crying by now big time because I knew I was in trouble for losing my tooth by eating an apple. But all Mother said was, "Why, Connie you have lost your first baby tooth!" She wasn't mad at all! She was almost laughing! Then she said, "What did you do with the tooth? We will have to put it under your pillow tonight when you go to bed and then the tooth fairy will bring you a nickel or a dime." (Times were hard then for my folks.)

Then I really did CRY! Mother told me it was okay and to go and get my tooth but I said, "But Momma, I buried my tooth!" "But where?" asked Momma. "Outside in the dirt," was my answer!

Well, by this time it was beginning to get dark so Momma and I took a flashlight outside and we dug and dug in the spot where I buried my tooth but we couldn't find it. But Momma assured me that the tooth fairy would understand and would probably still stop by our house that night. You know she was right! The tooth fairy did stop and left a quarter under my pillow. She must have felt really sorry for me that I didn't know that if I kept my tooth she would exchange it during the night for a nickel or dime.

Well, the loss of the first tooth has been quite dramatic for even my kids, because Penny, our daughter, had a plastic hanger in her mouth and when she took it out of her mouth the hanger hook caught on it and yanked it out and Jeffery, our son, let two older boys put a string around his first tooth and shut the door before he knew what happened and out it came. But neither Penny or Jeff buried their lost first tooth in the dirt!

GRANDMA AND GRANDPA'S FIRST DATE

BY Mrs. Jerry (Connie) LaGrow

January 15, 2004

It was the summer between my Freshman and Sophomore year in highschool, 1953, that Grandpa asked Grandma LaGrow, (my last name then was Shaklee), for a date. Grandpa had been dating for some time, the last being one of my closest friends during my late years in grade school and early years in highschool. Linda Lee Jordan was a real popular and talented girl and I didn't have too much self esteem since I had had only 2 dates before that very memorable afternoon when Grandpa Jerry called me for our first of many dates after that.

It was a rainy day and cool for the summer. My mother, sister, Aunt Lana, and I had been cleaning the house that day. And I recall being angry for something, probably I felt I was having to do more work than Aunt Lana since she was 6 years younger than me and got out of a lot of work by saying she needed to practice the piano. My Daddy had just came in the house and he and mother were discussing something in the kitchen when the telephone rang on a Saturday afternoon. We had only one telephone back then and it was in my parents bedroom just off the kitchen and hung on the wall behind a door.

I recall yelling that the telephone rang and someone needed to answer it. No one did and then it rang again so I went to the phone angry that I had to answer the phone when I was so-o-o busy! My answer was "Hello!" with much anger in my voice. The voice on the other end of the phone line, ask if this was the Shaklee residence and my answer was "YES!" with slightly less anger than the hello. Then the voice ask if Connie, was there? Boy, I wish you could have heard the change in the tone of my voice then. Answering that this was she speaking, Grandpa identified himself to me. Gosh, you can't believe the shock I felt that Jerry LaGrow, captain of the Jet Highschool Football team, one of the only boys in the whole highschool that had his own car and not a jalopy, a physic that all the boys would have died for, and every girl in highschool wanted to date, had just called to ask little ole me out for a date to go to the picture show. My answer was of course a very firm "Yes!" His next question raised fear in my heart, "Was it going to be hard for him to get to our house, seven miles from Jet on all muddy roads?" None of the roads were paved then, meaning the one south out of Jet or even the one south to Helena from US highway 64.

I was used to my folks struggling to get to town when the roads were muddy but Grandpa had always lived just 6 miles west of Jet off highway 64 and had never driven on muddy roads. The car he drove was like the one in the garage he has restored, a 1950 Ford Crestliner. I told him that my mother and daddy had been out that day with the car and they drove a Chevrolet at the time. His reply was, "Well, if that Chevrolet of your folks can make it on the muddy roads I know my Ford can make it!" Oh! Such confidence; it made my heart swell with excitement! We were to double date with another couple, Ray Potter and Glenda Metcalf. Glenda had been elected the football homecoming queen during our Freshman year and Ray was another one of the

hotshot football players at Jet High. I felt so special! I was going out among royalty for an evening. After I got off the phone, I went to the kitchen and said to my Mother and Daddy, "I have a date with Jerry LaGrow to go to the picture show tonight." My mother was as shocked as I was so the next step was to try to get me ready to go on a date with Grandpa. I had to get my hair washed and set and DRIED in just a matter of a few hours. We didn't have hair driers then or curling irons, or hot rollers. My best dress that we felt was most appropriate for such an occasion was dirty. So mother washed out my dress quickly and rang it through the ringer on the washing machine. This was a dress that I could wear with pride as it was a dress that I had made in 4-H. It was a dark blue that had a halter appearance in the front but really wasn't and had a jacket to match made of pima cotton. We didn't have automatic washing machines or dryers then either. So my mother set up a wooden clothes dryer on the floor furnace and laid the dress over it. When it looked like it wasn't going to get dried in time she finally ironed the dress dry with the electric iron while I was frantically trying to dry my hair with rollers in it by standing over the same floor furnace with it going full force in the middle of the summer. (Thank goodness it was rather cool that day from all the rain that had fallen all day long.) We didn't have air conditioning then but only a one room water cooler that was in the living room window.

We lived in Uncle Harold and Aunt Catherine's house across north from the gravity flow spring ponds and west of the Timberlake church. We had only moved into the two story home with four bedrooms, running water, a bathroom, a HUGE living room, kitchen, closed-in porch, and a utility area that held a ringer Maytag washer and rince tubs the summer before. The house we lived in before that on the correction line didn't have running water, a bathroom, and had a total of four rooms. Well, with the help of mother and my "wonderful little sister" Lana, I was ready when Grandpa arrived in his Nifty '50 Ford with Ray Potter. Oh, I was so nervous! Never even hoping to dream that I would ever get to date Jerry LaGrow, your Grandpa! We were headed for the picture show in Cherokee, with the three of us riding in the front seat and me between two of the best looking Junior-to-be football players, by way of picking up Glenda. She lived in the 2 story brick home there on highway 64 just a quarter of a mile from where Grandpa lived. (Grandpa's Grandfather Frank LaGrow had built the house that Glenda lived in for Grandpa's Grandma Stella years ago. But the story is that they got in such a disagreement over how it was going to be built that they didn't live in it very long until they sold the place to Glenda's Grandpa Emery Metcalf and her parents, Earl and Frances took up residence in the home to raise their four children.)

Well, from my house we had to travel two miles west over hilly MUDDY roads and then turn north on what is now state highway 38 or blacktop to highway US 64 but it had not been paved yet, either, so four more miles of MUDDY roads to a highway. UMP! Grandpa was rather known for his fast driving and we were really zipping along on those muddy roads when (I knew that my folks never drove that fast on muddy roads and they were well known in the neighborhood for plenty of dust to blow behind their car when the weather was dry!) About that time Grandpa went into a skid and slipped and slid back and forth across the road until we came to a stop in the left hand bar ditch nose first.

The only thing now was for both of the boys to get out of the car and see if they could push us out of the ditch with me under the wheel of Grandpa's prized car. Now my record for learning to drive wasn't too good! As I had a habit of shifting a car from low to reverse without stripping the gears trying to get to the second gear. You see many of the cars back in the 50's had the gear shift attached to the steering wheel. But what other choice did they have out in the middle of no where without them walking a mile or so to get help!

Aha! Here came a car up the same road and who did it happen to be but another one of Grandpa's closest friends, Terry Tucker and his parents, Garold and Temple. They were headed for Jet on Saturday night for Temple to get groceries at one of the two grocery stores on main street, Terry and his little sister to go to the picture show in Jet, and Garold to hang out at the Yoder Gas Station and discuss the weather, crops, and swap stories with other men. They stopped and Garold and Terry helped Grandpa and Ray push the car out of the ditch.

We went on to the show in Cherokee but when we got back to Glenda's home the story about us getting stuck in the mud had reached my parents and they called Glenda's parents to see if it would be alright if I could stay all night with her that night because they didn't trust Grandpa to get me home safely over the muddy roads. So my first date with Grandpa resulted in him not even getting me back home that evening. Also Ray's mother had called to see if Ray couldn't stay all night with Grandpa so he wouldn't get stuck taking Ray home over his muddy roads.

The next morning the four of us went to church together and everyone there knew we had all double-dated together the night before, and how Grandpa had got stuck on muddy roads and couldn't take me home.

That was over forty-seven years ago and I've never forgotten my first date with your Grandpa!

My prayer is that each of you five grandsons will find a young woman to live your life with and be as good to her as your Grandpa has been to me all these years together.

## Notes for Mary Cathrene SCHMOOK:

Mary C. Shaklee SSN: 448-54-2085 Last Residence: 74074 Stillwater, Payne, Oklahoma, United States of America Born: 11 Jun 1918 Died: 20 Apr 2001 State (Year) SSN issued: Oklahoma (1968 )

DEATH: Mary Cathrene Shaklee 4/20/2001 ----- this is online thru Phillips Alumni Assoc. link too. Mary Cathrene Shaklee was born on June 11, 1918, in Helena, the daughter of John A. and Cora Faye Keiffer Schmook. She attended schools in jet and graduated from Phillips University with a Bachelors Degree in education. After graduation, she taught English at Helena High School. On February 1, 1943, she married Harold O. Shaklee in Austin, Texas. After her marriage to Harold, she accompanied him to flight training, and when he departed for overseas duty, she returned to Helena. Following Harold's return from World War II, she became a full-time homemaker. They lived on the

family farm near Jet until Harold was recalled to military service (USAF) in support of the Korean War. They continued to travel in the military and raised their family until Harold's retirement in 1966. They then moved to Stillwater where they made their permanent home. Mike, Ann and David graduated from OSU, Stillwater and Ward graduated from USMA, Westpoint, NY. She was a member of the First United Methodist Church of Stillwater and supported several church organizations. She was also a member of the Stilwater Chapter of the Eastern Star. She continued as an alumnus to support Phillips University. Mary Cathrene fully supported and enjoyed the adventures and accomplishments of her children, grandchildren, and great-grandchildren. During the children's youth, she was a Cub Scout Den Mother and supported her daughter's Blue Birds and Girl Scouts. She was an active supporter of her children's support activities. She will be missed by all those whom she touched and our lives were enriched by the love, guidance and principles she held as her standard. Mary Cathrene is survived by her children, Mike of Helena, Ann and husband, Staff Moffat of Stillwater, David and wife, Terry of Lahoma and Ward and wife, Melanie of Melbourne, Florida; one sister, Margaret Glidewell of Helena; one brother, John E. and wife, Luella Schmoock of Bella Vista, Arkansas; eight grandchildren and two great-grandchildren. She was preceded in death by her parents, her husband, Harold on January 18, 1999, and two grandchildren.

Information for Stan Moffat about the Timberlake Church:

The Bell that once was on a monument on the corner east of where Uncle Harold and Aunt Cathrene lived when Uncle Harold farmed after returning from World War II was from the church that was built in 1903 and burned down in 1945. The bell was then placed on the monument that is covered over by the cedar trees now. The dedication ceremony "In Memory of the Pioneers of Timberlake Church." was held September 28, 1947. The Bell was stolen from the monument in May 1969. The marble stone that had a picture engraved of the burned church is now placed in the Timberlake cemetery by Bill Crain. The picture was drawn by Ewell Dunsworth, a member of the church at the time. His farm site was the northwest quarter section of the section that the Keiffer house was in.

The church area was sold Saturday, July 15, 1978 to LaVern Thornburg by the Methodist Foundation. The land surrounding the church area is owned by a descendant of Pat Kliewer. Jerry Ray Shaklee farms the land and before that Don Shaklee farmed it as long as I can remember for Pat Kliewer and his father before him.

Hilda Crain said that when the church was sold several small things in it were sent to the archives in Oklahoma City.

The parsonage to the right of the old church was built in 1919 or 1920. It was converted into a church in 1945 when the church building shown burned down. I recall the morning that it burned. Have I told you about that? If not let me know if you are interested.

This is from the Jet Visitor Thursday July 20, 1978 the local newspaper. Wheat was \$2.81 that week.

After the opening of the Cherokee Strip and "the Run" was made September 16, 1893 there were no towns, not even Jet or Helena, close to this part of the territory. The town of Timberlake was started on the 4 corners where Mr. Timberlake, a cattleman, had homesteaded which had a good spring of water on it and is spoken of as the Timberlake Springs. This spring still runs.

Mr. Leo "Lee" Keiffer had a General Store and Post Office on the northwest corner on the D. D. Keiffer farm. Southwest, on Mr. Timberlake's farm, Mr. Al McCutchan, Sr. had a Blacksmith Shop. There is a water pump still in the community that has printing cast into the metal. "Castle-Mitchell Hardware-Timberlake O.T." (Oklahoma Territory). Later a Methodist Church and a Christian Church were built on the north side of the road-the Dave Layton farm. (Note: "The Christian Church was organized in 1910. The frame building was later moved to Jet." "See The Jet Visitor Thursday, November 3, 1977 issue.) Supplies and the U.S. Mail were brought once a week to Timberlake by wagon teams from Pond Creek. When the railroads were built they by-passed Timberlake. The Santa Fe from Enid went northwest while the Frisco from Enid went southwest of Timberlake. Timberlake, as a town, soon faded into a memory.

After "The Run" was made that September day, the homesteaders were busy building homes of dugouts and sod houses and getting settled on their new farms but as winter approached these pioneers felt their need of church services so Mr. And Mrs. Emmett D. Keiffer extended an invitation to friends and neighbors to gather in their dugout home for the first church service.

In September 1894, in the home of Mr. And Mrs. Emmett D. Keiffer, the Timberlake Charge Methodist Episcopal Church-Oklahoma Conference -West District was organized by Rev. Charles Brown. Others present were: Mr. And Mrs. H.H. Scott, Mr. And Mrs. Robert Bell, Mr. And Mrs. Rafe Scott, Mrs. Mary Farmer, Mr. And Mrs. Leo "Lee" Keiffer and Mr. Howard.

Church services continued to be held in the Keiffer home until spring at which time folk gathered in the homes of other neighbors including the H. H. Scott's until the fall of 1895 when the preaching place was then moved to the new sod school house that had been built two and one half miles northeast of Timberlake. There was first Timberlake M.E. Sunday School was organized. The Sunday School Union furnished supplies for 3 years. According to the report of the first four years of the charge history given by Rev. Charles Brown the first year's salary was \$17.00, the second, \$27.00 and about \$40.00 the third year.

Rev. Brown who served nearly two years before the charge was taken up by conference, was followed with the appointment of Rev. M.C. Lakey. The charge was first recognized by conference in 1895.

In the spring of 1898, the first Methodist Church was built at Timberlake on the Dave Layton farm at an estimated cost of \$1,000.00. It was dedicated by Mr. H.H. Scott with Rev. Charles Brown conducting the services. Thirty-six members attended this service. This church was struck by lightning and burned to the ground on March 18, 1903. It was insured for \$900.00.

Such disaster could not defeat the faithful pioneers! Two acres of land on the NW corner of the NW quarter section thirty-one; township twenty-five; range nine W of the Indian Meridian; Woods County; Oklahoma Territory, which was across the road on the Charles H. and Mary I. Benedict farm, was purchased for \$50.00 by L.E. Castle, Edd Dunsworth, E.D. Keiffer, L.A. Keiffer, H.H. Scott, and George Spiva. The new church was self supporting with a pastor and Sunday School and the membership increased until average attendance reached 75 people-until folk began moving to the towns.

It has been said that a parsonage had been built on this Benedict land in 1903 at the cost of \$300.00. No record shows what ever became of it. Around 1919 or 1920 a larger parsonage was built near the church. Rev. Edgar was the first pastor to live in it.

After a homecoming get-together on September 24, 1945, fire of unknown origin completely destroyed this Timberlake Methodist Church. It might have been struck by lightning as there had been an early morning rain storm. Gladys Tucker-daughter of the late Mr. And Mrs. George Spiva-recalled this disaster. "On Wednesday morning September 26, 1945 at about 15 minutes of 8 o'clock, Mrs. Homer (Helen Bell) Wells saw the Timberlake Church on fire and by the time anyone could get there it was so far gone no one could get in to save anything and in about 45 minutes the entire structure had fell in leaving only a dear memory to those who watched."

Again the people of the Timberlake community would not be defeated! The blood of their faithful pioneers still ran in their veins! They banded together and with Dr. G. Lemuel Fenn-Supt. Of the Enid District-on their side, plans were made to remodel the parsonage (the one built in 1919 or 1920) into a Chapel Church. Church services, missing only one on September 30, 1945, continued in the basement of this parsonage until the sanctuary was prepared for use. Money received through donations to remodel and furnish this Chapel was \$2,270.00.

A monument was placed at the corner near where the church (built in 1903) stood. The first church bell was placed on top with cement. Dedication of this monument in memory of the pioneers of Timberlake Church was made at the 13th Homecoming on September 28, 1947. Roscoe Keiffer gave the address. The bell, 36 inches in diameter, had a crack down one side caused by the fall when the church burned in 1945. In May 1969 this bell was stolen from the memorial.

The bell on the stand beside the present Chapel Church was brought over from the old Tucker school house, that was located 1 mile north and 1 3/4 miles west of the church, in September 1955 just before Homecoming.

For over 80 years there has been a Methodist Church in the Timberlake community. Many special events have taken place there of which two of the most outstanding were the Annual Homecoming which was held the fourth Sunday each September. According to records this event was first begun in 1935. The last Homecoming was held September 26, 1976 with 25 present. Another very special event was the Christmas Eve program held always on December 24th. It is remembered that only twice this event was not held, one of which was 1973 when the snow drifts made traveling next to impossible. As the years went by children attending Timberlake became very few but without fail the children of former members could be counted on to present special numbers. There was always the traditional Santa Claus!

During the later years of the existence of this church the congregation diminished until the largest number attending services would be 8 or 10. More often than not there were only 3 or 4 including the minister.

On June 4, 1978 with Rev. Brett Collins, who had been pastor these past 2 years the last Sunday School and church services were held. Those present: Mrs. Evelyn Huff, Mrs. Louise Peck, Mrs. Edna Crain, Mr. And Mrs. Morris Tucker, and Mr. And Mrs. Bill Crain. Our hearts were with Mr. George Hess who, due to ill health, resides in the Methodist Golden Age Home in Enid. He was very faithful in attendance up to that time. During the service a few moments were spent recalling what this Timberlake Church has meant to all of us. We agreed that though we will always be attached to Timberlake there comes a time when we must break our ties with the old home, take our time and talents and with the faith of our forefathers go forth to join others in the furthering of the Kingdom of God.

The evening of July 15, 1978, the two acres, the chapel building, a few pieces of furniture and the two outdoor facilities were auctioned. Buyer was LaVern Thornburgh. The purchase price was \$5,800.00.

The Keiffer's that are listed were relatives of Aunt Cathrine's. Some of these names are listed in the cemetery records in [www.rootsweb.com/~cemetery/oklahoma.html](http://www.rootsweb.com/~cemetery/oklahoma.html) <<http://www.rootsweb.com/~cemetery/oklahoma.html>> under Oklahoma and Alfalfa county cemeteries. Hope I'm not giving you more than you want. Connie

Child 1 Cathrene Ann "Ann" SHAKLEE

**Notes for Cathrene Ann "Ann" SHAKLEE:**

Cathrene Ann Ann Shaklee Moffat

Ann was born on New Year's Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Ann's parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann's grandmother, Cora Faye Keifer Schmoock, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack's home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmoock's Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike's home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in

the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfort, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt.

Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration

camp never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to meet a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband, but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

**Notes for Cathrene Ann "Ann" SHAKLEE:**

Cathrene Ann ζAnnζ Shaklee Moffat

Ann was born on New Yearζs Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Annζs parents lived on the farm known as the Kiefer Place which was owned by the parents of Annζs grandmother, Cora Faye Keifer Schmoock, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jackζs home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmoockζs Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mikeζs home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the familyζs home and farm for Fredζs life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O. Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L./Sgt. Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

**Notes for Stanley Ray MOFFAT:**

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital. El Reno, OK.

### Notes for Amanda Cathrene MOFFAT:

Amanda Cathrene Moffat was born full term. Sometime during the lengthy delivery she turned over and her cord knotted and she passed away before delivery. The attending Dr. Lee, turned and beat his hands against the wall after delivering her. Ann held her for a long time and then they took her away. She was deeply loved and sorely missed. There is still a hole in our family today that we do not often speak of, but when we think of the whole family, we always think of Amanda. I was in the delivery room with Ann, and she was a beautiful little lady.

Ann's parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann's grandmother, Cora Faye Keifer Schmook, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack's home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmook's Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike's home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stayed in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in

Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt. Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

 Timberlake Church, from Connie LaGrow, 1/26/2005:

History of the Timberlake Church

The Timberlake Church was organized in September, 1894, by Rev. Charles Brown in the home of Emmett Keiffer and then moved from there to Brother H.H. Schott's dugout and held there until the fall of 1895. In 11897 the school house 2 1/2 miles northeast of Timberlake became the meeting place until the completion of the new church building at an estimated cost of \$1100.00. There were thirty-six members. Timberlake paid first year salary of \$27.00; second and third years about \$40.00. On March 18, 1903, the church which was located on the Dave Layton farm, was struck by lightning and was completely destroyed. About six months later a new building was built on the site across the road on the Charles Benedict farm and remained until September 24, 1945, at which time it burned to the ground. The parsonage was then converted to our little chapel of today. Sunday school continues in the basement of the parsonage until the completion of the chapel.

At the 13th Homecoming on September 28, 1947, the memorial was dedicated to the pioneers of this community, with Roscoe Keiffer giving the address. So, for 60 years, this church has been for and with the people of this community. With God's help we shall carry on.

This was found in a bulletin of the 22nd Annual Homecoming of the Timberlake Methodist Church, September 26, 1954.

Minister was Franklin E. George.

We (Connie) went to this church with some regularity until we were in highschool. Gm. and Gp. Fred Shaklee attended this church until it burnt down in 1945 and then they moved their membership to the Methodist Church in Jet.

The first minister that I can remember there was a woman minister by the name of Mrs. Braley. She was a sister to the minister in Jet, Ralph Hooper.

I can recall the morning the church burnt down. When my grandparents called and said they could see smoke at the church we all rushed there, 1 mile north of the correction line where we lived at the time. By the time we got there smoke was pouring out the windows and the men wanted to go in and save the piano but the women refrained them from doing so. When the bell fell from the belfry it fell on the front cement steps and cracked just like the liberty bell. That is the memorial that the piece is talking about. They made a cement stand for it to sit on at the corner east of the first home of Ann with a marble plaque with a drawing

of the church on it. Someone stole the bell years ago but the plaque has been preserved in a brick frame by Bill Crain in the Timberlake cemetery. The drawing was done by a longtime Sunday School teacher at Timberlake, named Ewell Dunsworth. If you don't want this information that is okay; I'll save it with my stuff for my kids.

I can recall that when I saw the school bus coming down the road that morning that I ran to meet it. But as I ran to meet the bus electric wires were laying on the ground that fell during the burning of the church and someone grabbed me and picked me up before I stepped on them. I wish I could remember who it was.

I was born in '38 so I couldn't have been but in the first or second grade at the time. I think it burned in the fall. I can kind of recall it being a cool crisp morning.

I'll find more on the church if you would like to have it.

## LOSS OF FIRST BABY TOOTH

Isn't it odd about some of the things that we remember as a child growing up? Is it because of the drama of it or because we tell it over and over and it becomes ingrained in our minds? Well, one story that I have not only shared with our five grandsons and their parents but also with the eight preschool classes that I taught in my home. It is about the loss of my first tooth.

I was the oldest of three children, of Don and Lucile Shaklee, it seems that I was always experiencing some aspect of growing up first and then, I tried to help my younger brother and sister through those difficult times. My parents and we three kids lived on 160 acres of sandy and rocky land that my Dad rented on the correction line south and west of Jet, Oklahoma. It was on a windy hill just ½ mile south of the Timberlake Cemetery and on a clear day we could see Jet, Helena, Cherokee, and Goltry, We were on the very south edge of the Jet school district and my parents had to pay tuition two years to avoid me having to attend a one room school house 2 ½ miles from our home. My parents would have had to take and pick me up each day and I would have probably been the only first grade student at the school. The country school was only in operation three more years after I started to school. But instead my parents chose to drive me 1 mile to the Timberlake rural church to catch the school bus to attend school in Jet believing that I would get a better education and be with more children my own age.

I was in first grade and my teacher was Mrs. Sylvia VanOsdol. Usually mother was home when I got home from school and would pick me up, at the corner, we called it. But this particular day I had to walk home, the one mile. There was a boy, four years older than I, lived down the road from our house to the north 1/4 of a mile, and so, we walked home together. When I got home, I was hungry and found an apple to eat. I don't recall even noticing my tooth was loose but it must have been because when I bit down on the apple to take a bite my tooth in front came out. My mother was a real disciplinarian; so seeing that I was now shy a tooth in front and didn't know that they were only baby teeth and that more teeth would grow back in their place, I figured I was in BIG TROUBLE!

So I figured the best bet would be to bury the evidence and keep my mouth shut the rest of my life. So I took the tooth out the front door and down the two steps and dug a hole in the ground in the corner by the steps and buried my first lost tooth.

Mother came home soon and started to try to get a conversation out of me as to how school had gone that day but I wouldn't answer her and would only shake my head up or down. Well, this was not satisfactory because my mother wanted to know what I had in my mouth that I wouldn't talk to her. She took my face in her hands and demanded that I open my MOUTH! Well, I was crying by now big time because I knew I was in trouble for losing my tooth by eating an apple. But all Mother said was, "Why, Connie you have lost your first baby tooth!" She wasn't mad at all! She was almost laughing! Then she said, "What did you do with the tooth? We will have to put it under your pillow tonight when you go to bed and then the tooth fairy will bring you a nickel or a dime." (Times were hard then for my folks.)

Then I really did CRY! Mother told me it was okay and to go and get my tooth but I said, "But Momma, I buried my tooth!" "But where?" asked Momma. "Outside in the dirt," was my answer!

Well, by this time it was beginning to get dark so Momma and I took a flashlight outside and we dug and dug in the spot where I buried my tooth but we couldn't find it. But Momma assured me that the tooth fairy would understand and would probably still stop by our house that night. You know she was right! The tooth fairy did stop and left a quarter under my pillow. She must have felt really sorry for me that I didn't know that if I kept my tooth she would exchange it during the night for a nickel or dime.

Well, the loss of the first tooth has been quite dramatic for even my kids, because Penny, our daughter, had a plastic hanger in her mouth and when she took it out of her mouth the hanger hook caught on it and yanked it out and Jeffery, our son, let two older boys put a string around his first tooth and shut the door before he knew what happened and out it came. But neither Penny or Jeff buried their lost first tooth in the dirt!

## GRANDMA AND GRANDPA'S FIRST DATE

BY Mrs. Jerry (Connie) LaGrow

January 15, 2004

It was the summer between my Freshman and Sophomore year in highschool, 1953, that Grandpa asked Grandma LaGrow, (my last name then was Shaklee), for a date. Grandpa had been dating for some time, the last being one of my closest friends during my late years in grade school and early years in highschool. Linda Lee Jordan was a real popular and talented girl and I didn't have too much self esteem since I had had only 2 dates before that very memorable afternoon when Grandpa Jerry called me for our first of many dates after that.

It was a rainy day and cool for the summer. My mother, sister, Aunt Lana, and I had been cleaning the house that day. And I recall being angrv for something, probably I felt I was having to do more work than Aunt Lana since she was 6 years younger

than me and got out of a lot of work by saying she needed to practice the piano. My Daddy had just came in the house and he and mother were discussing something in the kitchen when the telephone rang on a Saturday afternoon. We had only one telephone back then and it was in my parents bedroom just off the kitchen and hung on the wall behind a door.

I recall yelling that the telephone rang and someone needed to answer it. No one did and then it rang again so I went to the phone angry that I had to answer the phone when I was so-o-o-busy! My answer was "Hello!" with much anger in my voice. The voice on the other end of the phone line, ask if this was the Shaklee residence and my answer was "YES!" with slightly less anger than the hello. Then the voice ask if Connie, was there? Boy, I wish you could have heard the change in the tone of my voice then. Answering that this was she speaking, Grandpa identified himself to me. Gosh, you can't believe the shock I felt that Jerry LaGrow, captain of the Jet Highschool Football team, one of the only boys in the whole highschool that had his own car and not a jalopy, a physic that all the boys would have died for, and every girl in highschool wanted to date, had just called to ask little ole me out for a date to go to the picture show. My answer was of course a very firm "Yes!" His next question raised fear in my heart, "Was it going to be hard for him to get to our house, seven miles from Jet on all muddy roads?" None of the roads were paved then, meaning the one south out of Jet or even the one south to Helena from US highway 64.

I was used to my folks struggling to get to town when the roads were muddy but Grandpa had always lived just 6 miles west of Jet off highway 64 and had never driven on muddy roads. The car he drove was like the one in the garage he has restored, a 1950 Ford Crestliner. I told him that my mother and daddy had been out that day with the car and they drove a Chevrolet at the time. His reply was, "Well, if that Chevrolet of your folks can make it on the muddy roads I know my Ford can make it!" Oh! Such confidence; it made my heart swell with excitement! We were to double date with another couple, Ray Potter and Glenda Metcalf. Glenda had been elected the football homecoming queen during our Freshman year and Ray was another one of the hotshot football players at Jet High. I felt so special! I was going out among royalty for an evening.

After I got off the phone, I went to the kitchen and said to my Mother and Daddy, "I have a date with Jerry LaGrow to go to the picture show tonight." My mother was as shocked as I was so the next step was to try to get me ready to go on a date with Grandpa. I had to get my hair washed and set and DRIED in just a matter of a few hours. We didn't have hair driers then or curling irons, or hot rollers. My best dress that we felt was most appropriate for such an occasion was dirty. So mother washed out my dress quickly and rang it through the ringer on the washing machine. This was a dress that I could wear with pride as it was a dress that I had made in 4-H. It was a dark blue that had a halter appearance in the front but really wasn't and had a jacket to match made of pima cotton. We didn't have automatic washing machines or dryers then either. So my mother set up a wooden clothes dryer on the floor furnace and laid the dress over it. When it looked like it wasn't going to get dried in time she finally ironed the dress dry with the electric iron while I was frantically trying to dry my hair with rollers in it by standing over the same floor furnace with it going full force in the middle of the summer. (Thank goodness it was rather cool that day from all the rain that had fallen all day long.) We didn't have air conditioning then but only a one room water cooler that was in the living room window.

We lived in Uncle Harold and Aunt Catherine's house across north from the gravity flow spring ponds and west of the Timberlake church. We had only moved into the two story home with four bedrooms, running water, a bathroom, a HUGE living room, kitchen, closed-in porch, and a utility area that held a ringer Maytag washer and rince tubs the summer before. The house we lived in before that on the correction line didn't have running water, a bathroom, and had a total of four rooms. Well, with the help of mother and my "wonderful little sister" Lana, I was ready when Grandpa arrived in his Nifty '50 Ford with Ray Potter. Oh, I was so nervous! Never even hoping to dream that I would ever get to date Jerry LaGrow, your Grandpa! We were headed for the picture show in Cherokee, with the three of us riding in the front seat and me between two of the best looking Junior-to-be football players, by way of picking up Glenda. She lived in the 2 story brick home there on highway 64 just a quarter of a mile from where Grandpa lived. (Grandpa's Grandfather Frank LaGrow had built the house that Glenda lived in for Grandpa's Grandma Stella years ago. But the story is that they got in such a disagreement over how it was going to be built that they didn't live in it very long until they sold the place to Glenda's Grandpa Emery Metcalf and her parents, Earl and Frances took up residence in the home to raise their four children.)

Well, from my house we had to travel two miles west over hilly MUDDY roads and then turn north on what is now state highway 38 or blacktop to highway US 64 but it had not been paved yet, either, so four more miles of MUDDY roads to a highway. UMP! Grandpa was rather known for his fast driving and we were really zipping along on those muddy roads when (I knew that my folks never drove that fast on muddy roads and they were well known in the neighborhood for plenty of dust to blow behind their car when the weather was dry!) About that time Grandpa went into a skid and slipped and slid back and forth across the road until we came to a stop in the left hand bar ditch nose first.

The only thing now was for both of the boys to get out of the car and see if they could push us out of the ditch with me under the wheel of Grandpa's prized car. Now my record for learning to drive wasn't too good! As I had a habit of shifting a car from low to reverse without stripping the gears trying to get to the second gear. You see many of the cars back in the 50's had the gear shift attached to the steering wheel. But what other choice did they have out in the middle of no where without them walking a mile or so to get help!

Aha! Here came a car up the same road and who did it happen to be but another one of Grandpa's closest friends, Terry Tucker and his parents, Garold and Temple. They were headed for Jet on Saturday night for Temple to get groceries at one of the two grocery stores on main street, Terry and his little sister to go to the picture show in Jet, and Garold to hang out at the Yoder Gas Station and discuss the weather, crops, and swap stories with other men. They stopped and Garold and Terry helped Grandpa and Ray push the car out of the ditch.

We went on to the show in Cherokee but when we got back to Glenda's home the story about us getting stuck in the mud had reached my parents and they called Glenda's parents to see if it would be alright if I could stay all night with her that night because they didn't trust Grandpa to get me home safely over the muddy roads. So my first date with Grandpa resulted in him not even getting me back home that evening. Also Ray's mother had called to see if Ray couldn't stay all night with Grandpa

so he wouldn't get stuck taking Ray home over his muddy roads.  
 The next morning the four of us went to church together and everyone there knew we had all double-dated together the night before, and how Grandpa had got stuck on muddy roads and couldn't take me home.  
 That was over forty-seven years ago and I've never forgotten my first date with your Grandpa!  
 My prayer is that each of you five grandsons will find a young woman to live your life with and be as good to her as your Grandpa has been to me all these years together.

 THE FAMILY OF DON AND LUCILE SHAKLEE - From Connie LaGrow, Don's daughter.

Don Ivan Shaklee, August 11, 1915---April 13, 1981
 Gwendolyn Lucile Richardson Shaklee, April 11, 1916, January 24, 1995
 Married.....January 2, 1937

The Don Shaklee family began with his parents moving from the Jefferson area to a farm four miles south and one and a quarter miles west of Jet in 1928. Don was about a Freshman in Jet Highschool when his parents, Fred and Edith Shaklee, moved into the Jet Community. There he met Gwendolyn Lucile Richardson, the daughter of Austin Ward and Anna Mae Richardson.

They began by establishing a home east of the State school in Enid and Don worked for an Uncle Oscar Maxey, a brother-in-law of his father. But after two years a farm was available about two miles from his parents for rent so Don and Lucile moved with their new born baby girl, Connie Joan born in August 1938, to establish a home one mile south of the Timberlake church on the correction line about 1940. The land belonged to Henry C. Kliewer. They remained at this location until 1952 and then moved into a much larger and modern home with indoor plumbing and running water that belonged to Don's brother and sister-in-law, Harold and Cathrine Shaklee. It was known as the Keiffer home!

To this union of marriage two more children were born, Jerry Ray Shaklee in July 1940 and Lana Beth Shaklee Schiltz in February 1944.

Don was not only a farmer of wheat and raised cattle and hogs but he was known for his carpenter work. He began doing construction and carpenter work by helping with the building of the Great Salt Plains dam, the large grain elevator in Jet, the United Methodist Church in Jet in 1946-47 and then the east wing of the Jet Public School in 1956. Then he began carpenter work with Jerald Wilson of Jet and then after Jerald's death he worked with Bill Dunavant and his brother Merwyn Shaklee. He helped build the first Dairy Boy on the south side of Cherokee, Pat Kliewer's brick home, Everett Hadwiger's home in Cherokee, remodeled the Alfalfa County Bank, Jet Community Building, and built other homes in the Jet, Goltry, Helena, and Nash area. One of the last homes that he helped build was the home of his oldest daughter Connie, who is married to Jerry LaGrow.

Farming was not easy for Don and Lucile as they had seven crops in a row that were deemed as failures, five and seven bushels to the acre and had to divide it with a landlord. The crop failures were contributed to green bugs, army worms, drought, rust, and the wind blew the wheat out another year. The next year they had a bumper crop and Don bought the only new tractor, a Case, he owned in his lifetime. But when Mr. Kliewer wanted to sell the land, they decided to borrow money from an Uncle, a

brother of Don's father, and buy the quarter of land that they were living on. It had a three room house, without running water, or indoor plumbing, a windmill, a chicken house, a barn, and a wash house, and of course a cave that was used quite frequently. The second quarter of land that Don farmed belonged to Mr. Kliewer and is the land that surrounds the Timberlake church area and the Timberlake cemetery. His son, Jerry Ray, still farms the land that belongs to Mr. Kliewer's granddaughter. Don also farmed land that belonged to his brother Harold and sister-in-law, Cathrine, after Harold returned to make a career of the Air Force.

When Don began suffering from asthma caused from breathing sawdust from all the carpenter work he had done during the winter months, he and Lucile bought a fifth-wheel travel trailer and began to make their home during the winter in Apache Junction, Arizona in a trailer court called Cherokee Village. There he met his death when he was broad sided by a car in a intersection while riding his motorcycle down a six lane highway. He left behind his three grown children and their mates, and three granddaughters and three grandsons. The granddaughters are Penny LaGrow Gregory, Tammy Sue Shaklee, Gwen Schiltz, and the grandsons, Jeffery LaGrow, Eric Schiltz, and J.D. (James Don) Shaklee. Five of these grandchildren are graduates of Oklahoma State University and J.D. from Central State University.

Don's son Jerry Ray came back to farm at Don's retirement and bought the Champlin Gas Station in Jet from Shorty Page. His daughter, Connie Shaklee LaGrow and her husband farm west of Jet and have lived in the same location most of their 47 years of marriage. Lana moved back to the Jet area in 1983 and later became the music teacher in the Timberlake School system until her retirement in 2004. All of Don's grandchildren except for one, Gwen Schiltz, graduated from Jet-Nash Highschool. received 02/21/2005 From Connie LaGrow

 Timberlake Church, from Connie LaGrow, 1/26/2005:

History of the Timberlake Church

The Timberlake Church was organized in September, 1894, by Rev. Charles Brown in the home of Emmett Keiffer and then moved from there to Brother H.H. Schott's dugout and held there until the fall of 1895. In 11897 the school house 2 1/2 miles northeast of Timberlake became the meeting place until the completion of the new church building at an estimated cost of \$1100.00. There were thirty-six members. Timberlake paid first year salary of \$27.00; second and third years about \$40.00. On March 18, 1903, the church which was located on the Dave Layton farm, was struck by lightning and was completely destroyed. About six months later a new building was built on the site across the road on the Charles Benedict farm and remained until September 24, 1945, at which time it burned to the ground. The parsonage was then converted to our little chapel of today. Sunday school continues in the basement of the parsonage until the completion of the chapel.

At the 13th Homecoming on September 28, 1947, the memorial was dedicated to the pioneers of this community, with Roscoe Keiffer giving the address. So, for 60 years, this church has been for and with the people of this community. With God's help we shall carry on.

This was found in a bulletin of the 22nd Annual Homecoming of the Timberlake Methodist Church, September 26, 1954. Minister was Franklin E. George.

We (Connie) went to this church with some regularity until we were in highschool. Gm. and Gp. Fred Shaklee attended this church until it burnt down in 1945 and then they moved their membership to the Methodist Church in Jet.

The first minister that I can remember there was a woman minister by the name of Mrs. Braley. She was a sister to the minister in Jet, Ralph Hooper.

I can recall the morning the church burnt down. When my grandparents called and said they could see smoke at the church we all rushed there, 1 mile north of the correction line where we lived at the time. By the time we got there smoke was pouring out the windows and the men wanted to go in and save the piano but the women refrained them from doing so. When the bell fell from the belfry it fell on the front cement steps and cracked just like the liberty bell. That is the memorial that the piece is talking about. They made a cement stand for it to sit on at the corner east of the first home of Ann with a marble plaque with a drawing of the church on it. Someone stole the bell years ago but the plaque has been preserved in a brick frame by Bill Crain in the Timberlake cemetery. The drawing was done by a longtime Sunday School teacher at Timberlake, named Ewell Dunsworth.

If you don't want this information that is okay; I'll save it with my stuff for my kids.

I can recall that when I saw the school bus coming down the road that morning that I ran to meet it. But as I ran to meet the bus electric wires were laying on the ground that fell during the burning of the church and someone grabbed me and picked me up before I stepped on them. I wish I could remember who it was.

I was born in '38 so I couldn't have been but in the first or second grade at the time. I think it burned in the fall. I can kind of recall it being a cool crisp morning.

I'll find more on the church if you would like to have it.

**LOSS OF FIRST BABY TOOTH**

Isn't it odd about some of the things that we remember as a child growing up? Is it because of the drama of it or because we tell it over and over and it becomes ingrained in our minds? Well, one story that I have not only shared with our five grandsons and their parents but also with the eight preschool classes that I taught in my home. It is about the loss of my first tooth.

I was the oldest of three children, of Don and Lucile Shaklee, it seems that I was always experiencing some aspect of growing up first and then, I tried to help my younger brother and sister through those difficult times. My parents and we three kids lived on 160 acres of sandy and rocky land that my Dad rented on the correction line south and west of Jet, Oklahoma. It was on a windy hill just ½ mile south of the Timberlake Cemetery and on a clear day we could see Jet, Helena, Cherokee, and Goltry, We were on the very south edge of the Jet school district and my parents had to pay tuition two years to avoid me having to attend a one room school house 2 ½ miles from our home. My parents would have had to take and pick me up each day and I would have probably been the only first grade student at the school. The country school was only in operation three more years after I started to school. But instead my parents chose to drive me 1 mile to the Timberlake rural church to catch the school bus to attend school in Jet believing that I would get a better education and be with more children my own age.

I was in first grade and my teacher was Mrs. Sylvia VanOsdol. Usually mother was home when I got home from school and would pick me up, at the corner, we called it. But this particular day I had to walk home, the one mile. There was a boy, four years older than I, lived down the road from our house to the north 1/4 of a mile, and so, we walked home together.

When I got home, I was hungry and found an apple to eat. I don't recall even noticing my tooth was loose but it must have been because when I bit down on the apple to take a bite my tooth in front came out. My mother was a real disciplinarian; so seeing that I was now shy a tooth in front and didn't know that they were only baby teeth and that more teeth would grow back in their place, I figured I was in BIG TROUBLE!

So I figured the best bet would be to bury the evidence and keep my mouth shut the rest of my life. So I took the tooth out the front door and down the two steps and dug a hole in the ground in the corner by the steps and buried my first lost tooth. Mother came home soon and started to try to get a conversation out of me as to how school had gone that day but I wouldn't answer her and would only shake my head up or down. Well, this was not satisfactory because my mother wanted to know what I had in my mouth that I wouldn't talk to her. She took my face in her hands and demanded that I open my MOUTH! Well, I was crying by now big time because I knew I was in trouble for losing my tooth by eating an apple. But all Mother said was, "Why, Connie you have lost your first baby tooth!" She wasn't mad at all! She was almost laughing! Then she said, "What did you do with the tooth? We will have to put it under your pillow tonight when you go to bed and then the tooth fairy will bring you a nickel or a dime." (Times were hard then for my folks.)

Then I really did CRY! Mother told me it was okay and to go and get my tooth but I said, "But Momma, I buried my tooth!" "But where?" asked Momma. "Outside in the dirt," was my answer!

Well, by this time it was beginning to get dark so Momma and I took a flashlight outside and we dug and dug in the spot where I buried my tooth but we couldn't find it. But Momma assured me that the tooth fairy would understand and would probably still stop by our house that night. You know she was right! The tooth fairy did stop and left a quarter under my pillow. She must have felt really sorry for me that I didn't know that if I kept my tooth she would exchange it during the night for a nickel or dime.

Well, the loss of the first tooth has been quite dramatic for even my kids, because Penny, our daughter, had a plastic hanger in her mouth and when she took it out of her mouth the hanger hook caught on it and yanked it out and Jeffery, our son, let two older boys put a string around his first tooth and shut the door before he knew what happened and out it came. But neither Penny or Jeff buried their lost first tooth in the dirt!

GRANDMA AND GRANDPA'S FIRST DATE

BY Mrs. Jerry (Connie) LaGrow

January 15, 2004

It was the summer between my Freshman and Sophomore year in highschool, 1953, that Grandpa asked Grandma LaGrow, (my last name then was Shaklee), for a date. Grandpa had been dating for some time, the last being one of my closest friends during my late years in grade school and early years in highschool. Linda Lee Jordan was a real popular and talented girl and I didn't have too much self esteem since I had had only 2 dates before that very memorable afternoon when Grandpa Jerry called me for our first of many dates after that.

It was a rainy day and cool for the summer. My mother, sister, Aunt Lana, and I had been cleaning the house that day. And I recall being angry for something, probably I felt I was having to do more work than Aunt Lana since she was 6 years younger than me and got out of a lot of work by saying she needed to practice the piano. My Daddy had just came in the house and he and mother were discussing something in the kitchen when the telephone rang on a Saturday afternoon. We had only one telephone back then and it was in my parents bedroom just off the kitchen and hung on the wall behind a door.

I recall yelling that the telephone rang and someone needed to answer it. No one did and then it rang again so I went to the phone angry that I had to answer the phone when I was so-o-o busy! My answer was "Hello!" with much anger in my voice. The voice on the other end of the phone line, ask if this was the Shaklee residence and my answer was "YES!" with slightly less anger than the hello. Then the voice ask if Connie, was there? Boy, I wish you could have heard the change in the tone of my voice then. Answering that this was she speaking, Grandpa identified himself to me. Gosh, you can't believe the shock I felt that Jerry LaGrow, captain of the Jet Highschool Football team, one of the only boys in the whole highschool that had his own car and not a jalopy, a physic that all the boys would have died for, and every girl in highschool wanted to date, had just called to ask little ole me out for a date to go to the picture show. My answer was of course a very firm "Yes!" His next question raised fear in my heart, "Was it going to be hard for him to get to our house, seven miles from Jet on all muddy roads?" None of the roads were paved then, meaning the one south out of Jet or even the one south to Helena from US highway 64.

I was used to my folks struggling to get to town when the roads were muddy but Grandpa had always lived just 6 miles west of Jet off highway 64 and had never driven on muddy roads. The car he drove was like the one in the garage he has restored, a 1950 Ford Crestliner. I told him that my mother and daddy had been out that day with the car and they drove a Chevrolet at the time. His reply was, "Well, if that Chevrolet of your folks can make it on the muddy roads I know my Ford can make it!" Oh! Such confidence; it made my heart swell with excitement! We were to double date with another couple, Ray Potter and Glenda Metcalf. Glenda had been elected the football homecoming queen during our Freshman year and Ray was another one of the

hotshot football players at Jet High. I felt so special! I was going out among royalty for an evening. After I got off the phone, I went to the kitchen and said to my Mother and Daddy , "I have a date with Jerry LaGrow to go to the picture show tonight." My mother was as shocked as I was so the next step was to try to get me ready to go on a date with Grandpa. I had to get my hair washed and set and DRIED in just a matter of a few hours. We didn't have hair driers then or curling irons, or hot rollers. My best dress that we felt was most appropriate for such an occasion was dirty. So mother washed out my dress quickly and rang it through the ringer on the washing machine. This was a dress that I could wear with pride as it was a dress that I had made in 4-H. It was a dark blue that had a halter appearance in the front but really wasn't and had a jacket to match made of pima cotton. We didn't have automatic washing machines or dryers then either. So my mother set up a wooden clothes dryer on the floor furnace and laid the dress over it. When it looked like it wasn't going to get dried in time she finally ironed the dress dry with the electric iron while I was frantically trying to dry my hair with rollers in it by standing over the same floor furnace with it going full force in the middle of the summer. (Thank goodness it was rather cool that day from all the rain that had fallen all day long.) We didn't have air conditioning then but only a one room water cooler that was in the living room window.

We lived in Uncle Harold and Aunt Catherine's house across north from the gravity flow spring ponds and west of the Timberlake church. We had only moved into the two story home with four bedrooms, running water, a bathroom, a HUGE living room, kitchen, closed-in porch, and a utility area that held a ringer Maytag washer and rince tubs the summer before. The house we lived in before that on the correction line didn't have running water, a bathroom, and had a total of four rooms. Well, with the help of mother and my "wonderful little sister" Lana, I was ready when Grandpa arrived in his Nifty '50 Ford with Ray Potter. Oh, I was so nervous! Never even hoping to dream that I would ever get to date Jerry LaGrow, your Grandpa! We were headed for the picture show in Cherokee, with the three of us riding in the front seat and me between two of the best looking Junior-to-be football players, by way of picking up Glenda. She lived in the 2 story brick home there on highway 64 just a quarter of a mile from where Grandpa lived. (Grandpa's Grandfather Frank LaGrow had built the house that Glenda lived in for Grandpa's Grandma Stella years ago. But the story is that they got in such a disagreement over how it was going to be built that they didn't live in it very long until they sold the place to Glenda's Grandpa Emery Metcalf and her parents, Earl and Frances took up residence in the home to raise their four children.)

Well, from my house we had to travel two miles west over hilly MUDDY roads and then turn north on what is now state highway 38 or blacktop to highway US 64 but it had not been paved yet, either, so four more miles of MUDDY roads to a highway. UMP! Grandpa was rather known for his fast driving and we were really zipping along on those muddy roads when (I knew that my folks never drove that fast on muddy roads and they were well known in the neighborhood for plenty of dust to blow behind their car when the weather was dry!) About that time Grandpa went into a skid and slipped and slid back and forth across the road until we came to a stop in the left hand bar ditch nose first.

The only thing now was for both of the boys to get out of the car and see if they could push us out of the ditch with me under the wheel of Grandpa's prized car. Now my record for learning to drive wasn't too good! As I had a habit of shifting a car from low to reverse without stripping the gears trying to get to the second gear. You see many of the cars back in the 50's had the gear shift attached to the steering wheel. But what other choice did they have out in the middle of no where without them walking a mile or so to get help!

Aha! Here came a car up the same road and who did it happen to be but another one of Grandpa's closest friends, Terry Tucker and his parents, Garold and Temple. They were headed for Jet on Saturday night for Temple to get groceries at one of the two grocery stores on main street, Terry and his little sister to go to the picture show in Jet, and Garold to hang out at the Yoder Gas Station and discuss the weather, crops, and swap stories with other men. They stopped and Garold and Terry helped Grandpa and Ray push the car out of the ditch.

We went on to the show in Cherokee but when we got back to Glenda's home the story about us getting stuck in the mud had reached my parents and they called Glenda's parents to see if it would be alright if I could stay all night with her that night because they didn't trust Grandpa to get me home safely over the muddy roads. So my first date with Grandpa resulted in him not even getting me back home that evening. Also Ray's mother had called to see if Ray couldn't stay all night with Grandpa so he wouldn't get stuck taking Ray home over his muddy roads.

The next morning the four of us went to church together and everyone there knew we had all double-dated together the night before, and how Grandpa had got stuck on muddy roads and couldn't take me home.

That was over forty-seven years ago and I've never forgotten my first date with your Grandpa!

My prayer is that each of you five grandsons will find a young woman to live your life with and be as good to her as your Grandpa has been to me all these years together.

DEATH: Mary Cathrene Shaklee 4/20/2001 ----- this is online thru Phillips Alumni Assoc. link too. Mary Cathrene Shaklee was born on June 11, 1918, in Helena, the daughter of John A. and Cora Faye Keiffer Schmook. She attended schools in jet and graduated from Phillips University with a Bachelors Degree in education. After graduation, she taught English at Helena High School. On February 1, 1943, she married Harold O. Shaklee in Austin, Texas. After her marriage to Harold, she accompanied him to flight training, and when he departed for overseas duty, she returned to Helena. Following Harold's return from World War II, she became a full-time homemaker. They lived on the

family farm near Jet until Harold was recalled to military service (USAF) in support of the Korean War. They continued to travel in the military and raised their family until Harold's retirement in 1966. They then moved to Stillwater where they made their permanent home. Mike, Ann and David graduated from OSU, Stillwater and Ward graduated from USMA, Westpoint, NY. She was a member of the First United Methodist Church of Stillwater and supported several church organizations. She was also a member of the Stilwater Chapter of the Eastern Star. She continued as an alumnus to support Phillips University. Mary Cathrene fully supported and enjoyed the adventures and accomplishments of her children, grandchildren, and great-grandchildren. During the children's youth, she was a Cub Scout Den Mother and supported her daughter's Blue Birds and Girl Scouts. She was an active supporter of her children's support activities. She will be missed by all those whom she touched and our lives were enriched by the love, guidance and principles she held as her standard. Mary Cathrene is survived by her children, Mike of Helena, Ann and husband, Staff Moffat of Stillwater, David and wife, Terry of Lahoma and Ward and wife, Melanie of Melbourne, Florida; one sister, Margaret Glidewell of Helena; one brother, John E. and wife, Luella Schmoock of Bella Vista, Arkansas; eight grandchildren and two great-grandchildren. She was preceded in death by her parents, her husband, Harold on January 18, 1999, and two grandchildren.

Information for Stan Moffat about the Timberlake Church:

The Bell that once was on a monument on the corner east of where Uncle Harold and Aunt Cathrene lived when Uncle Harold farmed after returning from World War II was from the church that was built in 1903 and burned down in 1945. The bell was then placed on the monument that is covered over by the cedar trees now. The dedication ceremony "In Memory of the Pioneers of Timberlake Church." was held September 28, 1947. The Bell was stolen from the monument in May 1969. The marble stone that had a picture engraved of the burned church is now placed in the Timberlake cemetery by Bill Crain. The picture was drawn by Ewell Dunsworth, a member of the church at the time. His farm site was the northwest quarter section of the section that the Keiffer house was in.

The church area was sold Saturday, July 15, 1978 to LaVern Thornburg by the Methodist Foundation. The land surrounding the church area is owned by a descendant of Pat Kliewer. Jerry Ray Shaklee farms the land and before that Don Shaklee farmed it as long as I can remember for Pat Kliewer and his father before him.

Hilda Crain said that when the church was sold several small things in it were sent to the archives in Oklahoma City.

The parsonage to the right of the old church was built in 1919 or 1920. It was converted into a church in 1945 when the church building shown burned down. I recall the morning that it burned. Have I told you about that? If not let me know if you are interested.

This is from the Jet Visitor Thursday July 20, 1978 the local newspaper. Wheat was \$2.81 that week.

After the opening of the Cherokee Strip and "the Run" was made September 16, 1893 there were no towns, not even Jet or Helena, close to this part of the territory. The town of Timberlake was started on the 4 corners where Mr. Timberlake, a cattleman, had homesteaded which had a good spring of water on it and is spoken of as the Timberlake Springs. This spring still runs.

Mr. Leo "Lee" Keiffer had a General Store and Post Office on the northwest corner on the D. D. Keiffer farm. Southwest, on Mr. Timberlake's farm, Mr. Al McCutchan, Sr. had a Blacksmith Shop. There is a water pump still in the community that has printing cast into the metal. "Castle-Mitchell Hardware-Timberlake O.T." (Oklahoma Territory). Later a Methodist Church and a Christian Church were built on the north side of the road-the Dave Layton farm. (Note: "The Christian Church was organized in 1910. The frame building was later moved to Jet." "See The Jet Visitor Thursday, November 3, 1977 issue.) Supplies and the U.S. Mail were brought once a week to Timberlake by wagon teams from Pond Creek. When the railroads were built they by-passed Timberlake. The Santa Fe from Enid went northwest while the Frisco from Enid went southwest of Timberlake. Timberlake, as a town, soon faded into a memory.

After "The Run" was made that September day, the homesteaders were busy building homes of dugouts and sod houses and getting settled on their new farms but as winter approached these pioneers felt their need of church services so Mr. And Mrs. Emmett D. Keiffer extended an invitation to friends and neighbors to gather in their dugout home for the first church service.

In September 1894, in the home of Mr. And Mrs. Emmett D. Keiffer, the Timberlake Charge Methodist Episcopal Church-Oklahoma Conference -West District was organized by Rev. Charles Brown. Others present were: Mr. And Mrs. H.H. Scott, Mr. And Mrs. Robert Bell, Mr. And Mrs. Rafe Scott, Mrs. Mary Farmer, Mr. And Mrs. Leo "Lee" Keiffer and Mr. Howard.

Church services continued to be held in the Keiffer home until spring at which time folk gathered in the homes of other neighbors including the H. H. Scott's until the fall of 1895 when the preaching place was then moved to the new sod school house that had been built two and one half miles northeast of Timberlake. There was first Timberlake M.E. Sunday School was organized. The Sunday School Union furnished supplies for 3 years. According to the report of the first four years of the charge history given by Rev. Charles Brown the first year's salary was \$17.00, the second, \$27.00 and about \$40.00 the third year. Rev. Brown who served nearly two years before the charge was taken up by conference, was followed with the appointment of Rev. M.C. Lakey. The charge was first recognized by conference in 1895.

In the spring of 1898, the first Methodist Church was built at Timberlake on the Dave Layton farm at an estimated cost of \$1,000.00. It was dedicated by Mr. H.H. Scott with Rev. Charles Brown conducting the services. Thirty-six members attended this service. This church was struck by lightning and burned to the ground on March 18, 1903. It was insured for \$900.00.

Such disaster could not defeat the faithful pioneers! Two acres of land on the NW corner of the NW quarter section thirty-one; township twenty-five; range nine W of the Indian Meridian; Woods County; Oklahoma Territory, which was across the road on the Charles H. and Mary I. Benedict farm, was purchased for \$50.00 by L.E. Castle, Edd Dunsworth, E.D. Keiffer, L.A. Keiffer, H.H. Scott, and George Spiva. The new church was self supporting with a pastor and Sunday School and the membership increased until average attendance reached 75 people-until folk began moving to the towns.

It has been said that a parsonage had been built on this Benedict land in 1903 at the cost of \$300.00. No record shows what ever became of it. Around 1919 or 1920 a larger parsonage was built near the church. Rev. Edgar was the first pastor to live in it.

After a homecoming get-together on September 24, 1945, fire of unknown origin completely destroyed this Timberlake Methodist Church. It might have been struck by lightning as there had been an early morning rain storm. Gladys Tucker-daughter of the late Mr. And Mrs. George Spiva-recalled this disaster. "On Wednesday morning September 26, 1945 at about 15 minutes of 8 o'clock, Mrs. Homer (Helen Bell) Wells saw the Timberlake Church on fire and by the time anyone could get there it was so far gone no one could get in to save anything and in about 45 minutes the entire structure had fell in leaving only a dear memory to those who watched."

Again the people of the Timberlake community would not be defeated! The blood of their faithful pioneers still ran in their veins! They banded together and with Dr. G. Lemuel Fenn-Supt. Of the Enid District-on their side, plans were made to remodel the parsonage (the one built in 1919 or 1920) into a Chapel Church. Church services, missing only one on September 30, 1945, continued in the basement of this parsonage until the sanctuary was prepared for use. Money received through donations to remodel and furnish this Chapel was \$2,270.00.

A monument was placed at the corner near where the church (built in 1903) stood. The first church bell was placed on top with cement. Dedication of this monument in memory of the pioneers of Timberlake Church was made at the 13th Homecoming on September 28, 1947. Roscoe Keiffer gave the address. The bell, 36 inches in diameter, had a crack down one side caused by the fall when the church burned in 1945. In May 1969 this bell was stolen from the memorial.

The bell on the stand beside the present Chapel Church was brought over from the old Tucker school house, that was located 1 mile north and 1 3/4 miles west of the church, in September 1955 just before Homecoming.

For over 80 years there has been a Methodist Church in the Timberlake community. Many special events have taken place there of which two of the most outstanding were the Annual Homecoming which was held the fourth Sunday each September. According to records this event was first begun in 1935. The last Homecoming was held September 26, 1976 with 25 present. Another very special event was the Christmas Eve program held always on December 24th. It is remembered that only twice this event was not held, one of which was 1973 when the snow drifts made traveling next to impossible. As the years went by children attending Timberlake became very few but without fail the children of former members could be counted on to present special numbers. There was always the traditional Santa Claus!

During the later years of the existence of this church the congregation diminished until the largest number attending services would be 8 or 10. More often than not there were only 3 or 4 including the minister.

On June 4, 1978 with Rev. Brett Collins, who had been pastor these past 2 years the last Sunday School and church services were held. Those present: Mrs. Evelyn Huff, Mrs. Louise Peck, Mrs. Edna Crain, Mr. And Mrs. Morris Tucker, and Mr. And Mrs. Bill Crain. Our hearts were with Mr. George Hess who, due to ill health, resides in the Methodist Golden Age Home in Enid. He was very faithful in attendance up to that time. During the service a few moments were spent recalling what this Timberlake Church has meant to all of us. We agreed that though we will always be attached to Timberlake there comes a time when we must break our ties with the old home, take our time and talents and with the faith of our forefathers go forth to join others in the furthering of the Kingdom of God.

The evening of July 15, 1978, the two acres, the chapel building, a few pieces of furniture and the two outdoor facilities were auctioned. Buyer was LaVern Thornburgh. The purchase price was \$5,800.00.

The Keiffer's that are listed were relatives of Aunt Cathrine's. Some of these names are listed in the cemetery records in [www.rootsweb.com/~cemetery/oklahoma.html](http://www.rootsweb.com/~cemetery/oklahoma.html) <<http://www.rootsweb.com/~cemetery/oklahoma.html>> under Oklahoma and Alfalfa county cemeteries. Hope I'm not giving you more than you want. Connie

**Notes for Cathrene Ann "Ann" SHAKLEE:**

Cathrene Ann Ann Shaklee Moffat

Ann was born on New Year's Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Ann's parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann's grandmother, Cora Faye Keifer Schmook, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack's home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmook's Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike's home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in

the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfort, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T./Sgt.

Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration

camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband, but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

**Notes for Cathrene Ann "Ann" SHAKLEE:**

Cathrene Ann ζAnnζ Shaklee Moffat

Ann was born on New Yearζs Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Annζs parents lived on the farm known as the Kiefer Place which was owned by the parents of Annζs grandmother, Cora Faye Keifer Schmook, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jackζs home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmookζs Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mikeζs home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the familyζs home and farm for Fredζs life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 1/2 years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O. Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L./Sgt. Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

**Notes for Stanley Ray MOFFAT:**

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital. El Reno, OK.

### Notes for Amanda Cathrene MOFFAT:

Amanda Cathrene Moffat was born full term. Sometime during the lengthy delivery she turned over and her cord knotted and she passed away before delivery. The attending Dr. Lee, turned and beat his hands against the wall after delivering her. Ann held her for a long time and then they took her away. She was deeply loved and sorely missed. There is still a hole in our family today that we do not often speak of, but when we think of the whole family, we always think of Amanda. I was in the delivery room with Ann, and she was a beautiful little lady.

Ann's parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann's grandmother, Cora Faye Keifer Schmook, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack's home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmook's Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike's home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stayed in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in

Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt. Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

~~~~~  
THE FAMILY OF DON AND LUCILE SHAKLEE - From Connie LaGrow, Don's daughter.

Don Ivan Shaklee, August 11, 1915----April 13, 1981

Gwendolyn Lucile Richardson Shaklee, April 11, 1916¿January 24, 1995

Married.....January 2, 1937

The Don Shaklee family began with his parents moving from the Jefferson area to a farm four miles south and one and a quarter miles west of Jet in 1928. Don was about a Freshman in Jet Highschool when his parents, Fred and Edith Shaklee, moved into the Jet Community. There he met Gwendolyn Lucile Richardson, the daughter of Austin Ward and Anna Mae Richardson.

They began by establishing a home east of the State school in Enid and Don worked for an Uncle Oscar Maxey, a brother-in-law of his father. But after two years a farm was available about two miles from his parents for rent so Don and Lucile moved with their new born baby girl, Connie Joan born in August 1938, to establish a home one mile south of the Timberlake church on the correction line about 1940. The land belonged to Henry C. Kliewer. They remained at this location until 1952 and then moved into a much larger and modern home with indoor plumbing and running water that belonged to Don¿s brother and sister-in-law, Harold and Cathrine Shaklee. It was known as the Keiffer home!

To this union of marriage two more children were born, Jerry Ray Shaklee in July 1940 and Lana Beth Shaklee Schiltz in February 1944.

Don was not only a farmer of wheat and raised cattle and hogs but he was known for his carpenter work. He began doing construction and carpenter work by helping with the building of the Great Salt Plains dam, the large grain elevator in Jet, the United Methodist Church in Jet in 1946-¿47 and then the east wing of the Jet Public School in 1956. Then he began carpenter work with Jerald Wilson of Jet and then after Jerald¿s death he worked with Bill Dunavant and his brother Merwyn Shaklee. He helped build the first Dairy Boy on the south side of Cherokee, Pat Kliewer¿s brick home, Everett Hadwiger¿s home in Cherokee, remodeled the Alfalfa County Bank, Jet Community Building, and built other homes in the Jet, Goltry, Helena, and Nash area. One of the last homes that he helped build was the home of his oldest daughter Connie, who is married to Jerry LaGrow.

Farming was not easy for Don and Lucile as they had seven crops in a row that were deemed as failures, five and seven bushels to the acre and had to divide it with a landlord. The crop failures were contributed to green bugs, army worms, drought, rust, and the wind blew the wheat out another year. The next year they had a bumper crop and Don bought the only new tractor, a Case, he owned in his lifetime. But when Mr. Kliewer wanted to sell the land, they decided to borrow money from an Uncle, a brother of Don¿s father, and buy the quarter of land that they were living on. It had a three room house, without running water, or indoor plumbing, a windmill, a chicken house, a barn, and a wash house, and of course a cave that was used quite frequently. The second quarter of land that Don farmed belonged to Mr. Kliewer and is the land that surrounds the Timberlake church area and the Timberlake cemetery. His son, Jerry Ray, still farms the land that belongs to Mr. Kliewer¿s granddaughter. Don also farmed land that belonged to his brother Harold and sister-in-law, Cathrine, after Harold returned to make a career of the Air Force.

When Don began suffering from asthma caused from breathing sawdust from all the carpenter work he had done during the winter months, he and Lucile bought a fifth-wheel travel trailer and began to make their home during the winter in Apache Junction, Arizona in a trailer court called Cherokee Village. There he met his death when he was broad sided by a car in a intersection while riding his motorcycle down a six lane highway. He left behind his three grown children and their mates, and three granddaughters and three grandsons. The granddaughters are Penny LaGrow Gregory, Tammy Sue Shaklee, Gwen Schiltz, and the grandsons, Jeffery LaGrow, Eric Schiltz, and J.D. (James Don) Shaklee. Five of these grandchildren are graduates of Oklahoma State University and J.D. from Central State University.

Don¿s son Jerry Ray came back to farm at Don¿s retirement and bought the Champlin Gas Station in Jet from Shorty Page. His daughter, Connie Shaklee LaGrow and her husband farm west of Jet and have lived in the same location most of their 47 years of marriage. Lana moved back to the Jet area in 1983 and later became the music teacher in the Timberlake School system until her retirement in 2004. All of Don¿s grandchildren except for one, Gwen Schiltz, graduated from Jet-Nash Highschool.

Katrina (Means) Shaklee, a 1991 graduate of Cherokee High School

Former Cherokee Resident Chose to Carry Olympic Flame

Katrina (Means) Shaklee, a 1991 graduate of Cherokee High School, has been chosen to be a Salt Lake 2002 Olympic Torchbearer. 7,200 torchbearers were selected to carry the Olympic Flame on its 65-day, 13,500 mile journey from Atlanta, Ga. to Salt Lake City. Torchbearers were selected from more than 210,000 inspirational nominees. Shaklee will carry the flame as it travels through Oklahoma City on Jan. 11, 2002.

Shaklee received her Bachelor of Business Administration from the University of Oklahoma in 1995 and eventually went on to receive her Master of Arts in Sports Administration from the University of Northern Colorado in 1998. Just a month after receiving her Master's degree, Shaklee was diagnosed with multiple sclerosis.

Having worked in event management, Shaklee began to formulate the idea of hosting events for physically disabled athletes. In February of 2000, she formed a non-profit organization -- The Sports Group, Inc. and created the Endeavor Games for Athletes with Physical Disabilities.

Now an annual event, the Endeavor Games is held June of each year in Edmond. This year the event attracted 176 athletes from 12 states and Costa Rica. Because of the success of the Endeavor Games, The Sports Group recently held its 2nd event -- the Oklahoma Amputee Golf Tournament at Coffee Creek Golf Course in Edmond.

In 2000, Shaklee received the SGMA (Sporting Goods Manufacturers Association) Heroes Award from Oklahoma. This was in recognition of outstanding contribution to her local sports community and beyond. She also serves on the National Multiple Sclerosis Society Walk Committee (Oklahoma City Chapter) and was featured on the cover of Edmond Life and Leisure in June for her work with the Endeavor Games.

In addition to her duties as the Executive Director of The Sports Group, she is the Public Relations Director of The Robertson Group Advertising Agency in Oklahoma City.

Shaklee is the daughter of Tom and Kathleen Means of Edmond and the granddaughter of Curtis and Averille Peters and Gerald and Reda Means, all of Cherokee. Shaklee resides in Edmond with her husband, J.D., a 1992 graduate of Jet-Nash High School.

SGMA Heroes® Awards Names Katrina Shaklee as Oklahoma State Winner

NORTH PALM BEACH, FLORIDA - October 24, 2000 - The Sporting Goods Manufacturers Association (SGMA) is proud to announce Katrina Shaklee as its 2000 SGMA HEROES Awards winner from the state of Oklahoma. Shaklee, who hails from Oklahoma City, was selected for her outstanding hard work and dedication to the Endeavor Games.

The SGMA HEROES Awards are presented annually to those special individuals who, through their unique commitment and humanitarian spirit, have made an exceptional and lasting contribution to the pursuit of sports excellence, sportsmanship, participation or opportunity within their local community or beyond.

In less than seven months, Shaklee formed the Endeavor Games athletic event which offers those with physical disabilities the chance to compete in an athletic competition. She created a non-profit organization (The Sports Group, Inc.), organized the souvenir program, developed the athlete registration guide, created a cadre of volunteers, recruited the sport coordinators, contacted the athletes and developed the sponsorship leads. All of this hard work led to a hugely successful event with 119 athletes from seven states.

As one of the 51 state winners (including the District of Columbia) for the SGMA HEROES Awards, Shaklee will receive a \$100 cash prize and \$400 will be donated in her name to The Sports Group, Inc. Shaklee is also eligible to be selected as one of three national winners who will be honored during The Super Show®/2001 in Las Vegas. Each national winner receives a \$3,000 cash prize, with another \$15,000 for his/her favorite sports charities.

The past winners for the SGMA HEROES Awards from the state of Oklahoma include: 1994 - Don Porter, Oklahoma City, women's softball; 1995 - J. R. Cook, Oklahoma City, founder and director of United Indian Tribal Youth (UNITY); 1996 - Tom Alexander, Bristow, public address announcer for Bristow High School; 1997 - Jim Winn, Mannford, founded the Mannford Takedown Club to promote wrestling; 1998 - Murl Bowen, Asher, Asher High School baseball; 1999 - Mark Boyd, Norman, youth baseball in the community.

The Sporting Goods Manufacturers Association (SGMA), owner of The Super Show®, is the trade association of North American manufacturers, producers, and distributors of sports apparel, athletic footwear, fitness, and sporting goods equipment. SGMA represents and supports its members through programs and strategies for sports participation, market intelligence and public policy.

Katrina Shaklee

Katrina Shaklee is one-of-a-kind. Actually, she's one of more than 7,000.

Friday, Shaklee will be one of eight Edmond residents participating the 2002 Olympic Torch Run, carrying the torch through the metro area as it makes its way across America heading for Salt Lake City.

The 2002 Olympic Committee created a contest to find its torchbearers. People were asked to nominate individuals who embodied the Olympic spirit by overcoming obstacles or who had an inspirational story.

Winners were notified by mail of their selection, and each will carry the torch for two-tenths of a mile. Shaklee graduated from the University of Oklahoma with a business administration degree and received a master's degree in sports administration from the University of Northern Colorado.

In 1998, she was diagnosed with multiple sclerosis.

Shaklee wanted to create a series of events for physically disabled athletes. In February 2000, she formed the nonprofit organization The Sports Group Inc. From this came the Endeavor Games for athletes with physical disabilities, which takes place each June in Edmond. She also created the Oklahoma Amputee Golf Tournament, held at Coffee Creek Golf Course. In 2000, Shaklee received the SGMA Heroes Award. She also serves on the National Multiple Sclerosis Society Walk Committee's Oklahoma City chapter.

Her latest honor is one she's been looking forward to for a long time.

"It's like it is finally here," she said. "When I got the letter I was excited."

Shaklee said that while several people nominated her as a torchbearer, it was her mother's nomination that was selected.

Shaklee will run from the state office buildings on Lincoln Blvd. north to N.E. 29th Street.

She said she's been preparing for the Torch Relay by walking her dog, Harley, each night. She said although she's not nervous, she has one fear.

"I'm afraid of dropping it," she said.

2002-01-10 By Kenna Griffin The Oklahoman

EDMOND -- "Did you ever know that you're my hero? And everything I would like to be?"

The words from the popular Bette Midler song "Wind Beneath My Wings" hold a special meaning for an Edmond mother and daughter.

"It's always been a song between the two of us," said Kathleen Means, 54.

She said her daughter is her hero.

Means' daughter, Katrina Shaklee, hopes the wind is just right Friday, the day she accomplishes one of her lifelong goals -- to become part of the Olympics.

Shaklee, 28, is one of 61 Oklahomans who will carry the Olympic flame through Oklahoma as it makes its way toward the 2002 Winter Games in Salt Lake City.

On Friday, Shaklee will carry the flame from the state Capitol, north on Lincoln Boulevard to NE 29 and Lincoln.

Shaklee said she has chosen to jog the two-tenths of a mile.

To train for the event, Shaklee said she has been jogging with her "little black mutt," Harley.

Shaklee said she's not concerned about the jogging portion of the event, but she is worried about carrying the 3 pound, glass-topped torch. She is afraid she will drop it.

"Nobody's dropped it yet. I'd forever be remembered," she said, laughing. "I think it's a great opportunity. I love the Olympics, and I've enjoyed sports all my life."

Shaklee was chosen in July from more than 210,000 nominees to carry the torch.

Although several family members submitted essays on Shaklee's behalf, it was Means' essay on why her daughter was an inspiration to her that caused officials to choose Shaklee as a torchbearer.

Means said she simply told her daughter's story.

While seeking a master's degree in sports administration from the University of Northern Colorado, Shaklee awoke on New Year's Day, 1998, blind in one eye.

Means said it later was discovered her daughter's occasional blindness in one eye was a side effect of multiple sclerosis.

"Everybody was devastated for a while, but she attacks everything head-on," Means said.

Means said despite the blindness in one eye, her daughter got her master's degree in one year. She said her daughter took daily injections to control her illness.

Shaklee said when her relapsing, remitting multiple sclerosis acts up, her symptoms include blindness in one eye or numbness in her legs.

"MS affects everyone differently, and it's very unpredictable," she said. "I could wake up tomorrow and not feel anything from the waist down."

"Every day, I wake up and thank God that I'm well for another day."

In 1998, the same year she was diagnosed, Shaklee married and moved back to Edmond.

After her move, Shaklee said she decided to host sporting events for physically disabled athletes.

"Because she couldn't do what she wanted to do so badly, which was work for a sports franchise, she came home and went to work," Means said.

In February 2000, Shaklee formed the Edmond-based, nonprofit organization The Sports Group Inc. That same year, the organization began hosting the annual Endeavor Games for athletes with physical disabilities.

Because of the success of the Endeavor Games, the organization started a second event, the Oklahoma Amputee Golf Tournament.

Shaklee is working on a third project, a special-needs baseball team that will begin in April.

Means said the way her daughter helps others makes her a hero.

"She always manages to look at the positive," Means said. "She took lemons and made lemonade."

"Anytime you're helping people, that's the goal in life."

Means said the nomination was a way to give her daughter something for helping so many others.

"She has watched the Olympics since she was a little child and always wanted to be part of it in some way," she said. "I just think it's so fantastic that she's going to get this opportunity to do something that she's wanted to do for so long.

"I'm so very proud of her. She's just a really neat individual."

~~~~~  
 (2) Mary Catherine Anthony was born in Clearfield Co. July 28, 1853, and married Reuben R. Hickox March 10, 1874. Mr. Hickox went to Indiana Territory in 1885 as agent for the Cheyenne and Arapahoe Indians. He and his family were in the "Run" with the "boomers" April 22, 1889, and were successful in landing a claim on which part of the city of El Reno now stands. They erected their canvas "tepee" or tent among a wild waste of prairie grass, where, now stands the red brick schoolhouse on Rock Island avenue, Hickox Addition. Mr. and Mrs. Hickox now live at Binger, Okla., "Elm Dale Ranch," he being farmer for the Caddo and Comanche tribes. They are the parents of six children: Mary Keren, who married Ernest Sharpe and died in October, 1900, leaving two children, one now living, Catherine, who graduated from the Oklahoma City High School in 1914. Alto DeVilla, who married John Schmook, of Springfield, Mo., and has two sons, John Anthony and Dwight C., both now in the Ann Arbor Law School. Verona Larue, married to Joseph A. Carson, of Binger, Okla., an agent for the Oklahoma Farm Mortgage Company, and now living in Oklahoma City (they have one son by adoption, James Anthony). Robert G., living at Elm Dale Ranch, who married in Oklahoma and has three children Helen, Roy and Alto. George Jenks who married Arminta Sawyer, of El Reno, and has three boys, Philip, Carson and Hubert, all living in Oklahoma City. And finally, Elizabeth, who died when eleven years old.

**Notes for Mary Cathrene SCHMOOK:**

Mary C. Shaklee SSN: 448-54-2085 Last Residence: 74074 Stillwater, Payne, Oklahoma, United States of America Born: 11 Jun 1918 Died: 20 Apr 2001 State (Year) SSN issued: Oklahoma (1968 )

DEATH: Mary Cathrene Shaklee 4/20/2001 ----- this is online thru Phillips Alumni Assoc. link too. Mary Cathrene Shaklee was born on June 11, 1918, in Helena, the daughter of John A. and Cora Faye Keiffer Schmoock. She attended schools in jet and graduated from Phillips University with a Bachelors Degree in education. After graduation, she taught English at Helena High School. On February 1, 1943, she married Harold O. Shaklee in Austin, Texas. After her marriage to Harold, she accompanied him to flight training, and when he departed for overseas duty, she returned to Helena. Following Harold's return from World War II, she became a full- time homemaker. They lived on the family farm near Jet until Harold was recalled to military service (USAF) in support of the Korean War. They continued to travel in the military and raised their family until Harold's retirement in 1966. They then moved to Stillwater where they made their permanent home. Mike, Ann and David graduated from OSU, Stillwater and Ward graduated from USMA, Westpoint, NY. She was a member of the First United Methodist Church of Stillwater and supported several church organizations. She was also a member of the Stilwater Chapter of the Eastern Star. She continued as an alumnus to support Phillips University. Mary Cathrene fully supported and enjoyed the adventures and accomplishments of her children, grandchildren, and great-grandchildren. During the children's youth, she was a Cub Scout Den Mother and supported her daughter's Blue Birds and Girl Scouts. She was an active supporter of her children's support activities. She will be missed by all those whom she touched and our lives were enriched by the love, guidance and principles she held as her standard. Mary Cathrene is survived by her children, Mike of Helena, Ann and husband, Staff Moffat of Stillwater, David and wife, Terry of Lahoma and Ward and wife, Melanie of Melbourne, Florida; one sister, Margaret Glidewell of Helena; one brother, John E. and wife, Luella Schmoock of Bella Vista, Arkansas; eight grandchildren and two great-grandchildren. She was preceded in death by her parents, her husband, Harold on January 18, 1999, and two grandchildren.

Information for Stan Moffat about the Timberlake Church:

The Bell that once was on a monument on the corner east of where Uncle Harold and Aunt Cathrene lived when Uncle Harold farmed after returning from World War II was from the church that was built in 1903 and burned down in 1945. The bell was then placed on the monument that is covered over by the cedar trees now . The dedication ceremony "In Memory of the Pioneers of Timberlake Church." was held September 28, 1947. The Bell was stolen from the monument in May 1969. The marble stone that had a picture engraved of the burned church is now placed in the Timberlake cemetery by Bill Crain. The picture was drawn by Ewell Dunsworth, a member of the church at the time. His farm site was the northwest quarter section of the section that the Keiffer house was in.

The church area was sold Saturday, July 15, 1978 to LaVern Thornburg by the Methodist Foundation. The land surrounding the church area is owned by a descendant of Pat Kliewer. Jerry Ray Shaklee farms the land and before that Don Shaklee farmed it as long as I can remember for Pat Kliewer and his father before him.

Hilda Crain said that when the church was sold several small things in it were sent to the archives in Oklahoma City.

The parsonage to the right of the old church was built in 1919 or 1920. It was converted into a church in 1945 when the church building shown burned down. I recall the morning that it burned. Have I told you about that? If not let me know if you are interested.

This is from the Jet Visitor Thursday July 20, 1978 the local newspaper. Wheat was \$2.81 that week.

After the opening of the Cherokee Strip and "the Run" was made September 16, 1893 there were no towns, not even Jet or Helena, close to this part of the territory. The town of Timberlake was started on the 4 corners where Mr. Timberlake, a cattleman, had homesteaded which had a good spring of water on it and is spoken of as the Timberlake Springs. This spring still runs.

Mr. Leo "Lee" Keiffer had a General Store and Post Office on the northwest corner on the D. D. Keiffer farm. Southwest, on Mr. Timberlake's farm, Mr. Al McCutchan, Sr. had a Blacksmith Shop. There is a water pump still in the community that has printing cast into the metal. "Castle-Mitchell Hardware-Timberlake O.T." (Oklahoma Territory). Later a Methodist Church and a Christian Church were built on the north side of the road-the Dave Layton farm. (Note: "The Christian Church was organized in 1910. The frame building was later moved to Jet." "See ¿The Jet Visitor¿ Thursday, November 3, 1977 issue.) Supplies and the U.S. Mil were brought once a week to Timberlake by wagon teams from Pond Creek. When the railroads were built they by-passed Timberlake. The Santa Fe from Enid went northwest while the Frisco from Enid went southwest of Timberlake. Timberlake, as a town, soon faded into a memory.

After "The Run" was made that September day, the homesteaders were busy building homes of ¿dugouts¿ and sod houses and getting settled on their new farms but as winter approached these pioneers felt their need of church services so Mr. And Mrs.

Emmett D. Keiffer extended an invitation to friends and neighbors to gather in their ¿dugout¿ home for the first church service.

In September 3894, in the home of Mr. And Mrs. Emmett D. Keiffer, the Timberlake Charge Methodist Episcopal

Church-Oklahoma Conference -West District was organized by Rev. Charles Brown. Others present were: Mr. And Mrs. H.H. Scott, Mr. And Mrs. Robert Bell, Mr. And Mrs. Rafe Scott, Mrs. Mary Farmer, Mr. And Mrs. Leo "Lee" Keiffer and Mr. Howard. Church services continued to be held in the Keiffer home until spring at which time folk gathered in the homes of other neighbors including the H. H. Scott's until the fall of 1895 when the preaching place was then moved to the new sod school house that had been built two and one half miles northeast of Timberlake. There was first Timberlake M.E. Sunday School was organized. The Sunday School Union furnished supplies for 3 years. According to the report of the first four years of the charge history given by Rev. Charles Brown the first year's salary was \$17.00, the second, \$27.00 and about \$40.00 the third year. Rev. Brown who served nearly two years before the charge was taken up by conference, was followed with the appointment of Rev. M.C. Lakey. The charge was first recognized by conference in 1895.

In the spring of 1898, the first Methodist Church was built at Timberlake on the Dave Layton farm at an estimated cost of \$1,000.00. It was dedicated by Mr. H.H. Scott with Rev. Charles Brown conducting the services. Thirty-six members attended this service. This church was struck by lightning and burned to the ground on March 18, 1903. It was insured for \$900.00.

Such disaster could not defeat the faithful pioneers! Two acres of land on the NW corner of the NW quarter section thirty-one; township twenty-five; range nine W of the Indian Meridian; Woods County; Oklahoma Territory, which was across the road on the Charles H. and Mary I. Benedict farm, was purchased for \$50.00 by L.E. Castle, Edd Dunsworth, E.D. Keiffer, L.A. Keiffer, H.H. Scott, and George Spiva. The new church was self supporting with a pastor and Sunday School and the membership increased until average attendance reached 75 people-until folk began moving to the towns.

It has been said that a parsonage had been built on this Benedict land in 1903 at the cost of \$300.00. No record shows what ever became of it. Around 1919 or 1920 a larger parsonage was built near the church. Rev. Edgar was the first pastor to live in it.

After a homecoming get-together on September 24, 1945, fire of unknown origin completely destroyed this Timberlake Methodist Church. It might have been struck by lightning as there had been an early morning rain storm. Gladys Tucker-daughter of the late Mr. And Mrs. George Spiva-recalled this disaster. "On Wednesday morning September 26, 1945 at about 15 minutes of 8 o'clock, Mrs. Homer (Helen Bell) Wells saw the Timberlake Church on fire and by the time anyone could get there it was so far gone no one could get in to save anything and in about 45 minutes the entire structure had fell in leaving only a dear memory to those who watched."

Again the people of the Timberlake community would not be defeated! The blood of their faithful pioneers still ran in their veins! They banded together and with Dr. G. Lemuel Fenn-Supt. Of the Enid District-on their side, plans were made to remodel the parsonage (the one built in 1919 or 1920) into a Chapel Church. Church services, missing only one on September 30, 1945, continued in the basement of this parsonage until the sanctuary was prepared for use. Money received through donations to remodel and furnish this Chapel was \$2,270.00.

A monument was placed at the corner near where the church (built in 1903) stood. The first church bell was placed on top with cement. Dedication of this monument in memory of the pioneers of Timberlake Church was made at the 13th Homecoming on September 28, 1947. Roscoe Keiffer gave the address. The bell, 36 inches in diameter, had a crack down one side caused by the fall when the church burned in 1945. In May 1969 this bell was stolen from the memorial.

The bell on the stand beside the present Chapel Church was brought over from the old Tucker school house, that was located 1 mile north and 1 3/4 miles west of the church, in September 1955 just before Homecoming.

For over 80 years there has been a Methodist Church in the Timberlake community. Many special events have taken place there of which two of the most outstanding were the Annual Homecoming which was held the fourth Sunday each September. According to records this event was first begun in 1935. The last Homecoming was held September 26, 1976 with 25 present. Another very special event was the Christmas Eve program held always on December 24th. It is remembered that only twice this event was not held, one of which was 1973 when the snow drifts made traveling next to impossible. As the years went by children attending Timberlake became very few but without fail the children of former members could be counted on to present special numbers. There was always the traditional Santa Claus!

During the later years of the existence of this church the congregation diminished until the largest number attending services would be 8 or 10. More often than not there were only 3 or 4 including the minister.

On June 4, 1978 with Rev. Brett Collins, who had been pastor these past 2 years the last Sunday School and church services were held. Those present: Mrs. Evelyn Huff, Mrs. Louise Peck, Mrs. Edna Crain, Mr. And Mrs. Morris Tucker, and Mr. And Mrs. Bill Crain. Our hearts were with Mr. George Hess who, due to ill health, resides in the Methodist Golden Age Home in Enid. He was very faithful in attendance up to that time. During the service a few moments were spent recalling what this Timberlake Church has meant to all of us. We agreed that though we will always be attached to Timberlake there comes a time when we must break our ties with the old home, take our time and talents and with the faith of our forefathers go forth to join others in the furthering of the Kingdom of God.

The evening of July 15, 1978, the two acres, the chapel building, a few pieces of furniture and the two outdoor facilities were auctioned. Buyer was LaVern Thornburgh. The purchase price was \$5,800.00.

The Keiffer's that are listed were relatives of Aunt Cathrine's. Some of these names are listed in the cemetery records in [www.rootsweb.com/~cemetery/oklahoma.html](http://www.rootsweb.com/~cemetery/oklahoma.html) under Oklahoma and Alfalfa county cemeteries. Hope I'm not giving you more than you want. Connie

**Notes for Mary Cathrene SCHMOOK:**

Mary C. Shaklee SSN: 448-54-2085 Last Residence: 74074 Stillwater, Payne, Oklahoma, United States of America Born: 11 Jun 1918 Died: 20 Apr 2001 State (Year) SSN issued: Oklahoma (1968 )

DEATH: Mary Cathrene Shaklee 4/20/2001 ----- this is online thru Phillips Alumni Assoc. link too. Mary Cathrene Shaklee was born on June 11, 1918, in Helena, the daughter of John A. and Cora Faye Keiffer Schmook. She attended schools in jet and graduated from Phillips University with a Bachelors Degree in education. After graduation, she taught English at Helena High School. On February 1, 1943, she married Harold O. Shaklee in Austin, Texas. After her marriage to Harold, she accompanied him to flight training, and when he departed for overseas duty, she returned to Helena. Following Harold's return from World War II, she became a full-time homemaker. They lived on the family farm near Jet until Harold was recalled to military service (USAF) in support of the Korean War. They continued to travel in the military and raised their family until Harold's retirement in 1966. They then moved to Stillwater where they made their permanent home. Mike, Ann and David graduated from OSU, Stillwater and Ward graduated from USMA, Westpoint, NY. She was a member of the First United Methodist Church of Stillwater and supported several church organizations. She was also a member of the Stillwater Chapter of the Eastern Star. She continued as an alumna to support Phillips University. Mary Cathrene fully supported and enjoyed the adventures and accomplishments of her children, grandchildren, and great-grandchildren. During the children's youth, she was a Cub Scout Den Mother and supported her daughter's Blue Birds and Girl Scouts. She was an active supporter of her children's support activities. She will be missed by all those whom she touched and our lives were enriched by the love, guidance and principles she held as her standard. Mary Cathrene is survived by her children, Mike of Helena, Ann and husband, Staff Moffat of Stillwater, David and wife, Terry of Lahoma and Ward and wife, Melanie of Melbourne, Florida; one sister, Margaret Glidewell of Helena; one brother, John E. and wife, Luella Schmook of Bella Vista, Arkansas; eight grandchildren and two great-grandchildren. She was preceded in death by her parents, her husband, Harold on January 18, 1999, and two grandchildren.

Information for Stan Moffat about the Timberlake Church:

The Bell that once was on a monument on the corner east of where Uncle Harold and Aunt Cathrene lived when Uncle Harold farmed after returning from World War II was from the church that was built in 1903 and burned down in 1945. The bell was then placed on the monument that is covered over by the cedar trees now. The dedication ceremony "In Memory of the Pioneers of Timberlake Church." was held September 28, 1947. The Bell was stolen from the monument in May 1969. The marble stone that had a picture engraved of the burned church is now placed in the Timberlake cemetery by Bill Crain. The picture was drawn by Ewell Dunsworth, a member of the church at the time. His farm site was the northwest quarter section of the section that the Keiffer house was in.

The church area was sold Saturday, July 15, 1978 to LaVern Thornburg by the Methodist Foundation. The land surrounding the church area is owned by a descendant of Pat Kliewer. Jerry Ray Shaklee farms the land and before that Don Shaklee farmed it as long as I can remember for Pat Kliewer and his father before him.

Hilda Crain said that when the church was sold several small things in it were sent to the archives in Oklahoma City.

The parsonage to the right of the old church was built in 1919 or 1920. It was converted into a church in 1945 when the church building shown burned down. I recall the morning that it burned. Have I told you about that? If not let me know if you are interested.

This is from the Jet Visitor Thursday July 20, 1978 the local newspaper. Wheat was \$2.81 that week.

After the opening of the Cherokee Strip and "the Run" was made September 16, 1893 there were no towns, not even Jet or Helena, close to this part of the territory. The town of Timberlake was started on the 4 corners where Mr. Timberlake, a cattleman, had homesteaded which had a good spring of water on it and is spoken of as the Timberlake Springs. This spring still runs.

Mr. Leo "Lee" Keiffer had a General Store and Post Office on the northwest corner on the D. D. Keiffer farm. Southwest, on Mr. Timberlake's farm, Mr. Al McCutchan, Sr. had a Blacksmith Shop. There is a water pump still in the community that has printing cast into the metal. "Castle-Mitchell Hardware-Timberlake O.T." (Oklahoma Territory). Later a Methodist Church and a Christian Church were built on the north side of the road-the Dave Layton farm. (Note: "The Christian Church was organized in 1910. The frame building was later moved to Jet." "See The Jet Visitor Thursday, November 3, 1977 issue.) Supplies and the U.S. Mail were brought once a week to Timberlake by wagon teams from Pond Creek. When the railroads were built they by-passed Timberlake. The Santa Fe from Enid went northwest while the Frisco from Enid went southwest of Timberlake. Timberlake, as a town, soon faded into a memory.

After "The Run" was made that September day, the homesteaders were busy building homes of dugouts and sod houses and getting settled on their new farms but as winter approached these pioneers felt their need of church services so Mr. and Mrs. Emmett D. Keiffer extended an invitation to friends and neighbors to gather in their dugout home for the first church service.

In September 1894, in the home of Mr. and Mrs. Emmett D. Keiffer, the Timberlake Charge Methodist Episcopal Church-Oklahoma Conference -West District was organized by Rev. Charles Brown. Others present were: Mr. and Mrs. H.H. Scott, Mr. and Mrs. Robert Bell, Mr. and Mrs. Rafe Scott, Mrs. Mary Farmer, Mr. and Mrs. Leo "Lee" Keiffer and Mr. Howard. Church services continued to be held in the Keiffer home until spring at which time folk gathered in the homes of other neighbors including the H. H. Scott's until the fall of 1895 when the preaching place was then moved to the new sod school house that had been built two and one half miles northeast of Timberlake. There was first Timberlake M.E. Sunday School was organized. The Sunday School Union furnished supplies for 3 years. According to the report of the first four years of the charge

history given by Rev. Charles Brown the first year's salary was \$17.00, the second, \$27.00 and about \$40.00 the third year. Rev. Brown who served nearly two years before the charge was taken up by conference, was followed with the appointment of Rev. M.C. Lakey. The charge was first recognized by conference in 1895.

In the spring of 1898, the first Methodist Church was built at Timberlake on the Dave Layton farm at an estimated cost of \$1,000.00. It was dedicated by Mr. H.H. Scott with Rev. Charles Brown conducting the services. Thirty-six members attended this service. This church was struck by lightning and burned to the ground on March 18, 1903. It was insured for \$900.00. Such disaster could not defeat the faithful pioneers! Two acres of land on the NW corner of the NW quarter section thirty-one; township twenty-five; range nine W of the Indian Meridian; Woods County; Oklahoma Territory, which was across the road on the Charles H. and Mary I. Benedict farm, was purchased for \$50.00 by L.E. Castle, Edd Dunsworth, E.D. Keiffer, L.A. Keiffer, H.H. Scott, and George Spiva. The new church was self supporting with a pastor and Sunday School and the membership increased until average attendance reached 75 people-until folk began moving to the towns. It has been said that a parsonage had been built on this Benedict land in 1903 at the cost of \$300.00. No record shows what ever became of it. Around 1919 or 1920 a larger parsonage was built near the church. Rev. Edgar was the first pastor to live in it.

After a homecoming get-together on September 24, 1945, fire of unknown origin completely destroyed this Timberlake Methodist Church. It might have been struck by lightning as there had been an early morning rain storm. Gladys Tucker-daughter of the late Mr. and Mrs. George Spiva-recalled this disaster. "On Wednesday morning September 26, 1945 at about 15 minutes of 8 o'clock, Mrs. Homer (Helen Bell) Wells saw the Timberlake Church on fire and by the time anyone could get there it was so far gone no one could get in to save anything and in about 45 minutes the entire structure had fell in leaving only a dear memory to those who watched."

Again the people of the Timberlake community would not be defeated! The blood of their faithful pioneers still ran in their veins! They banded together and with Dr. G. Lemuel Fenn-Supt. Of the Enid District-on their side, plans were made to remodel the parsonage (the one built in 1919 or 1920) into a Chapel Church. Church services, missing only one on September 30, 1945, continued in the basement of this parsonage until the sanctuary was prepared for use. Money received through donations to remodel and furnish this Chapel was \$2,270.00.

A monument was placed at the corner near where the church (built in 1903) stood. The first church bell was placed on top with cement. Dedication of this monument in memory of the pioneers of Timberlake Church was made at the 13th Homecoming on September 28, 1947. Roscoe Keiffer gave the address. The bell, 36 inches in diameter, had a crack down one side caused by the fall when the church burned in 1945. In May 1969 this bell was stolen from the memorial.

The bell on the stand beside the present Chapel Church was brought over from the old Tucker school house, that was located 1 mile north and 1 3/4 miles west of the church, in September 1955 just before Homecoming.

For over 80 years there has been a Methodist Church in the Timberlake community. Many special events have taken place there of which two of the most outstanding were the Annual Homecoming which was held the fourth Sunday each September. According to records this event was first begun in 1935. The last Homecoming was held September 26, 1976 with 25 present. Another very special event was the Christmas Eve program held always on December 24th. It is remembered that only twice this event was not held, one of which was 1973 when the snow drifts made traveling next to impossible. As the years went by children attending Timberlake became very few but without fail the children of former members could be counted on to present special numbers. There was always the traditional Santa Claus!

During the later years of the existence of this church the congregation diminished until the largest number attending services would be 8 or 10. More often than not there were only 3 or 4 including the minister.

On June 4, 1978 with Rev. Brett Collins, who had been pastor these past 2 years the last Sunday School and church services were held. Those present: Mrs. Evelyn Huff, Mrs. Louise Peck, Mrs. Edna Crain, Mr. and Mrs. Morris Tucker, and Mr. and Mrs. Bill Crain. Our hearts were with Mr. George Hess who, due to ill health, resides in the Methodist Golden Age Home in Enid. He was very faithful in attendance up to that time. During the service a few moments were spent recalling what this Timberlake Church has meant to all of us. We agreed that though we will always be attached to Timberlake there comes a time when we must break our ties with the old home, take our time and talents and with the faith of our forefathers go forth to join others in the furthering of the Kingdom of God.

The evening of July 15, 1978, the two acres, the chapel building, a few pieces of furniture and the two outdoor facilities were auctioned. Buyer was LaVern Thornburgh. The purchase price was \$5,800.00.

The Keiffer's that are listed were relatives of Aunt Cathrine's. Some of these names are listed in the cemetery records in [www.rootsweb.com/~cemetery/oklahoma.html](http://www.rootsweb.com/~cemetery/oklahoma.html) under Oklahoma and Alfalfa county cemeteries. Hope I'm not giving you more than you want. Connie

Timberlake Church, from Connie LaGrow, 1/26/2005:

History of the Timberlake Church

The Timberlake Church was organized in September, 1894, by Rev. Charles Brown in the home of Emmett Keiffer and then moved from there to Brother H.H. Schott's dugout and held there until the fall of 1895. In 11897 the school house 2 1/2 miles northeast of Timberlake became the meeting place until the completion of the new church building at an estimated cost of \$1100.00. There were thirty-six members. Timberlake paid first year salary of \$27.00; second and third years about \$40.00. On March 18, 1903, the church which was located on the Dave Layton farm, was struck by lightning and was completely destroyed. About six months later a new building was built on the site across the road on the Charles Benedict farm and remained until September 24, 1945, at which time it burned to the ground. The parsonage was then converted to our little chapel of today. Sunday school continues in the basement of the parsonage until the completion of the chapel.

At the 13th Homecoming on September 28, 1947, the memorial was dedicated to the pioneers of this community, with Roscoe Keiffer giving the address. So, for 60 years, this church has been for and with the people of this community. With God's help we shall carry on.

This was found in a bulletin of the 22nd Annual Homecoming of the Timberlake Methodist Church, September 26, 1954.

Minister was Franklin E. George.

We (Connie) went to this church with some regularity until we were in highschool. Gm. and Gp. Fred Shaklee attended this church until it burnt down in 1945 and then they moved their membership to the Methodist Church in Jet.

The first minister that I can remember there was a woman minister by the name of Mrs. Braley. She was a sister to the minister in Jet, Ralph Hooper.

I can recall the morning the church burnt down. When my grandparents called and said they could see smoke at the church we all rushed there, 1 mile north of the correction line where we lived at the time. By the time we got there smoke was pouring out the windows and the men wanted to go in and save the piano but the women refrained them from doing so. When the bell fell from the belfry it fell on the front cement steps and cracked just like the liberty bell. That is the memorial that the piece is talking about. They made a cement stand for it to sit on at the corner east of the first home of Ann with a marble plaque with a drawing of the church on it. Someone stole the bell years ago but the plaque has been preserved in a brick frame by Bill Crain in the Timberlake cemetery. The drawing was done by a longtime Sunday School teacher at Timberlake, named Ewell Dunsworth. If you don't want this information that is okay; I'll save it with my stuff for my kids.

I can recall that when I saw the school bus coming down the road that morning that I ran to meet it. But as I ran to meet the bus electric wires were laying on the ground that fell during the burning of the church and someone grabbed me and picked me up before I stepped on them. I wish I could remember who it was.

I was born in '38 so I couldn't have been but in the first or second grade at the time. I think it burned in the fall. I can kind of recall it being a cool crisp morning.

I'll find more on the church if you would like to have it.

#### LOSS OF FIRST BABY TOOTH

Isn't it odd about some of the things that we remember as a child growing up? Is it because of the drama of it or because we tell it over and over and it becomes ingrained in our minds? Well, one story that I have not only shared with our five grandsons and their parents but also with the eight preschool classes that I taught in my home. It is about the loss of my first tooth.

I was the oldest of three children, of Don and Lucile Shaklee, it seems that I was always experiencing some aspect of growing up first and then, I tried to help my younger brother and sister through those difficult times. My parents and we three kids lived on 160 acres of sandy and rocky land that my Dad rented on the correction line south and west of Jet, Oklahoma. It was on a windy hill just 1/2 mile south of the Timberlake Cemetery and on a clear day we could see Jet, Helena, Cherokee, and Goltry, We were on the very south edge of the Jet school district and my parents had to pay tuition two years to avoid me having to attend a one room school house 2 1/2 miles from our home. My parents would have had to take and pick me up each day and I would have probably been the only first grade student at the school. The country school was only in operation three more years after I started to school. But instead my parents chose to drive me 1 mile to the Timberlake rural church to catch the school bus to attend school in Jet believing that I would get a better education and be with more children my own age.

I was in first grade and my teacher was Mrs. Sylvia VanOsdol. Usually mother was home when I got home from school and

would pick me up, at the corner, we called it. But this particular day I had to walk home, the one mile. There was a boy, four years older than I, lived down the road from our house to the north 1/4 of a mile, and so, we walked home together.

When I got home, I was hungry and found an apple to eat. I don't recall even noticing my tooth was loose but it must have been because when I bit down on the apple to take a bite my tooth in front came out. My mother was a real disciplinarian; so seeing that I was now shy a tooth in front and didn't know that they were only baby teeth and that more teeth would grow back in their place, I figured I was in BIG TROUBLE!

So I figured the best bet would be to bury the evidence and keep my mouth shut the rest of my life. So I took the tooth out the front door and down the two steps and dug a hole in the ground in the corner by the steps and buried my first lost tooth.

Mother came home soon and started to try to get a conversation out of me as to how school had gone that day but I wouldn't answer her and would only shake my head up or down. Well, this was not satisfactory because my mother wanted to know what I had in my mouth that I wouldn't talk to her. She took my face in her hands and demanded that I open my MOUTH! Well, I was crying by now big time because I knew I was in trouble for losing my tooth by eating an apple. But all Mother said was, "Why, Connie you have lost your first baby tooth!" She wasn't mad at all! She was almost laughing! Then she said, "What did you do with the tooth? We will have to put it under your pillow tonight when you go to bed and then the tooth fairy will bring you a nickel or a dime." (Times were hard then for my folks.)

Then I really did CRY! Mother told me it was okay and to go and get my tooth but I said, "But Momma, I buried my tooth!" "But where?" asked Momma. "Outside in the dirt," was my answer!

Well, by this time it was beginning to get dark so Momma and I took a flashlight outside and we dug and dug in the spot where I buried my tooth but we couldn't find it. But Momma assured me that the tooth fairy would understand and would probably still stop by our house that night. You know she was right! The tooth fairy did stop and left a quarter under my pillow. She must have felt really sorry for me that I didn't know that if I kept my tooth she would exchange it during the night for a nickel or dime.

Well, the loss of the first tooth has been quite dramatic for even my kids, because Penny, our daughter, had a plastic hanger in her mouth and when she took it out of her mouth the hanger hook caught on it and yanked it out and Jeffery, our son, let two older boys put a string around his first tooth and shut the door before he knew what happened and out it came. But neither Penny or Jeff buried their lost first tooth in the dirt!

## GRANDMA AND GRANDPA'S FIRST DATE

BY Mrs. Jerry (Connie) LaGrow

January 15, 2004

It was the summer between my Freshman and Sophomore year in highschool, 1953, that Grandpa asked Grandma LaGrow, (my last name then was Shaklee), for a date. Grandpa had been dating for some time, the last being one of my closest friends during my late years in grade school and early years in highschool. Linda Lee Jordan was a real popular and talented girl and I didn't have too much self esteem since I had had only 2 dates before that very memorable afternoon when Grandpa Jerry called me for our first of many dates after that.

It was a rainy day and cool for the summer. My mother, sister, Aunt Lana, and I had been cleaning the house that day. And I recall being angry for something, probably I felt I was having to do more work than Aunt Lana since she was 6 years younger than me and got out of a lot of work by saying she needed to practice the piano. My Daddy had just came in the house and he and mother were discussing something in the kitchen when the telephone rang on a Saturday afternoon. We had only one telephone back then and it was in my parents bedroom just off the kitchen and hung on the wall behind a door.

I recall yelling that the telephone rang and someone needed to answer it. No one did and then it rang again so I went to the phone angry that I had to answer the phone when I was so-o-o busy! My answer was "Hello!" with much anger in my voice. The voice on the other end of the phone line, ask if this was the Shaklee residence and my answer was "YES!" with slightly less anger than the hello. Then the voice ask if Connie, was there? Boy, I wish you could have heard the change in the tone of my voice then. Answering that this was she speaking, Grandpa identified himself to me. Gosh, you can't believe the shock I felt that Jerry LaGrow, captain of the Jet Highschool Football team, one of the only boys in the whole highschool that had his own car and not a jalopy, a physic that all the boys would have died for, and every girl in highschool wanted to date, had just called to ask little ole me out for a date to go to the picture show. My answer was of course a very firm "Yes!" His next question raised fear in my heart, "Was it going to be hard for him to get to our house, seven miles from Jet on all muddy roads?" None of the roads were paved then, meaning the one south out of Jet or even the one south to Helena from US highway 64.

I was used to my folks struggling to get to town when the roads were muddy but Grandpa had always lived just 6 miles west of Jet off highway 64 and had never driven on muddy roads. The car he drove was like the one in the garage he has restored, a 1950 Ford Crestliner. I told him that my mother and daddy had been out that day with the car and they drove a Chevrolet at the time. His reply was, "Well, if that Chevrolet of your folks can make it on the muddy roads I know my Ford can make it!" Oh! Such confidence; it made my heart swell with excitement! We were to double date with another couple, Ray Potter and Glenda Metcalf. Glenda had been elected the football homecoming queen during our Freshman year and Ray was another one of the hotshot football players at Jet High. I felt so special! I was going out among royalty for an evening.

After I got off the phone, I went to the kitchen and said to my Mother and Daddy, "I have a date with Jerry LaGrow to go to the picture show tonight." My mother was as shocked as I was so the next step was to try to get me ready to go on a date with Grandpa. I had to get my hair washed and set and DRIED in just a matter of a few hours. We didn't have hair driers then or curling irons, or hot rollers. My best dress that we felt was most appropriate for such an occasion was dirty. So mother washed out my dress quickly and rang it through the ringer on the washing machine. This was a dress that I could wear with pride as it was a dress that I had made in 4-H. It was a dark blue that had a halter appearance in the front but really wasn't and had a jacket to match made of pima cotton. We didn't have automatic washing machines or dryers then either. So my mother set up a wooden clothes dryer on the floor furnace and laid the dress over it. When it looked like it wasn't going to get dried in time she finally ironed the dress dry with the electric iron while I was frantically trying to dry my hair with rollers in it by standing over the

same floor furnace with it going full force in the middle of the summer. (Thank goodness it was rather cool that day from all the rain that had fallen all day long.) We didn't have air conditioning then but only a one room water cooler that was in the living room window.

We lived in Uncle Harold and Aunt Catherine's house across north from the gravity flow spring ponds and west of the Timberlake church. We had only moved into the two story home with four bedrooms, running water, a bathroom, a HUGE living room, kitchen, closed-in porch, and a utility area that held a ringer Maytag washer and rince tubs the summer before. The house we lived in before that on the correction line didn't have running water, a bathroom, and had a total of four rooms. Well, with the help of mother and my "wonderful little sister" Lana, I was ready when Grandpa arrived in his Nifty '50 Ford with Ray Potter. Oh, I was so nervous! Never even hoping to dream that I would ever get to date Jerry LaGrow, your Grandpa! We were headed for the picture show in Cherokee, with the three of us riding in the front seat and me between two of the best looking Junior-to-be football players, by way of picking up Glenda. She lived in the 2 story brick home there on highway 64 just a quarter of a mile from where Grandpa lived. (Grandpa's Grandfather Frank LaGrow had built the house that Glenda lived in for Grandpa's Grandma Stella years ago. But the story is that they got in such a disagreement over how it was going to be built that they didn't live in it very long until they sold the place to Glenda's Grandpa Emery Metcalf and her parents, Earl and Frances took up residence in the home to raise their four children.)

Well, from my house we had to travel two miles west over hilly MUDDY roads and then turn north on what is now state highway 38 or blacktop to highway US 64 but it had not been paved yet, either, so four more miles of MUDDY roads to a highway. UMP! Grandpa was rather known for his fast driving and we were really zipping along on those muddy roads when (I knew that my folks never drove that fast on muddy roads and they were well known in the neighborhood for plenty of dust to blow behind their car when the weather was dry!) About that time Grandpa went into a skid and slipped and slid back and forth across the road until we came to a stop in the left hand bar ditch nose first.

The only thing now was for both of the boys to get out of the car and see if they could push us out of the ditch with me under the wheel of Grandpa's prized car. Now my record for learning to drive wasn't too good! As I had a habit of shifting a car from low to reverse without stripping the gears trying to get to the second gear. You see many of the cars back in the 50's had the gear shift attached to the steering wheel. But what other choice did they have out in the middle of no where without them walking a mile or so to get help!

Aha! Here came a car up the same road and who did it happen to be but another one of Grandpa's closest friends, Terry Tucker and his parents, Garold and Temple. They were headed for Jet on Saturday night for Temple to get groceries at one of the two grocery stores on main street, Terry and his little sister to go to the picture show in Jet, and Garold to hang out at the Yoder Gas Station and discuss the weather, crops, and swap stories with other men. They stopped and Garold and Terry helped Grandpa and Ray push the car out of the ditch.

We went on to the show in Cherokee but when we got back to Glenda's home the story about us getting stuck in the mud had reached my parents and they called Glenda's parents to see if it would be alright if I could stay all night with her that night because they didn't trust Grandpa to get me home safely over the muddy roads. So my first date with Grandpa resulted in him not even getting me back home that evening. Also Ray's mother had called to see if Ray couldn't stay all night with Grandpa so he wouldn't get stuck taking Ray home over his muddy roads.

The next morning the four of us went to church together and everyone there knew we had all double-dated together the night before, and how Grandpa had got stuck on muddy roads and couldn't take me home.

That was over forty-seven years ago and I've never forgotten my first date with your Grandpa!

My prayer is that each of you five grandsons will find a young woman to live your life with and be as good to her as your Grandpa has been to me all these years together.

**Notes for Cathrene Ann "Ann" SHAKLEE:**

Cathrene Ann 'Ann' Shaklee Moffat

Ann was born on New Year's Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Ann's parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann's grandmother, Cora Faye Keifer Schmook, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack's home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmook's Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike's home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in

the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfort, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt.

Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration

camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband, but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

**Notes for Cathrene Ann "Ann" SHAKLEE:**

Cathrene Ann ζAnnζ Shaklee Moffat

Ann was born on New Yearζs Eve, December 31, 1946 in the Cherokee Hospital in Cherokee, Oklahoma.

Annζs parents lived on the farm known as the Kiefer Place which was owned by the parents of Annζs grandmother, Cora Faye Keifer Schmoock, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jackζs home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmoockζs Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mikeζs home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the familyζs home and farm for Fredζs life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stated in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O. Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L./Sgt. Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.

**Notes for Stanley Ray MOFFAT:**

Born and raised till 4 1/2 on Family Farm between Okarche and Piedmont, OK. Marilyn was born and they moved to a new farm east of Yukon, OK. The Horn Place, where they continued to raise wheat and milk cows and Stanley and Marilyn started school in Yukon Schools. They moved next to a farm south of Yukon where Mulvey Park is located. The lake on the property is the one their milk cows drank from and Grandpa Siegrist, who lived east of the lake on Ceck. Hall Road, top of hill, across from the water tower, would always fish when he could sneak away. Stanley started school and then Marilyn and when Stanley finished the 7th grade, on the first of September, 1960, they moved to the farm where Marilyn lives. They milked cows two miles east of it on the East Place, as they had no barn on the Kastle Place. They did this for a year and half and then started construction of the dairy barn on their new home place on South Western west of Perkins, OK. In 1962, they moved to it and it is where they lived and Oscar died.

Life was not always easy, and not always hard, but there was no extra's of anything, except elbow grease. They believed in helping neighbors, and those who needed help, and tended to themselves.

Born in Parkview Hospital. El Reno, OK.

## Notes for Amanda Cathrene MOFFAT:

Amanda Cathrene Moffat was born full term. Sometime during the lengthy delivery she turned over and her cord knotted and she passed away before delivery. The attending Dr. Lee, turned and beat his hands against the wall after delivering her. Ann held her for a long time and then they took her away. She was deeply loved and sorely missed. There is still a hole in our family today that we do not often speak of, but when we think of the whole family, we always think of Amanda. I was in the delivery room with Ann, and she was a beautiful little lady.

Ann's parents lived on the farm known as the Kiefer Place which was owned by the parents of Ann's grandmother, Cora Faye Keifer Schmook, which was one of the first farms homesteaded in the Run of 1889 in that area. The home is east of Poppa Jack's home and on the North side of the road, from the place that Uncle Mike lives on today. The home is one of the first two story homes in the area.

Cora Faye Keifer Schmook's Father was Postmaster at the little post office in the community just east of their farm now known as Timberlake, from 1895 to 1905 located in the section just west of Mike's home today.

When their home was built they received their water from the spring on the south side of the road and piped it to their home on the north side. They actually had running water in their home before there was such. It was left running on the back porch, plus they could water their live stock from it as well, since the salt level was really high from water from dug wells in the area due to the salt plains just north of their location.

\*\*\*\*Oklahoma has had individual land ownership for a little over a century. In the Indian Territory, it began in 1896, with the allotment of lands by the Dawes Commission. Prior to that time, land in the Indian Territory belonged to the respective Indian nation in which the individual lived. In Oklahoma Territory, with the exception of Indian allotments by the Jerome Commission in the late 1880s, ownership began in 1889, and spread with each of the land openings. The last land opening in Oklahoma Territory, with the minor exception of the salt plains in Alfalfa County, was in 1906. Land ownership in the Panhandle was possible after the first official survey was done for the area in the 1890s.

Oklahoma statehood occurred November 16, 1907, by joining Oklahoma Territory and the Indian Territory. The newest county in Oklahoma was formed in 1912.

Counties formed out of the Indian Territory: Adair; Atoka; Bryan; Carter; Cherokee; Choctaw; Coal; Craig; Creek; Delaware; Garvin; Haskell; Hughes; Johnston; Latimer; LeFlore; Love; Marshall; Mayes; McClain; McCurtain; McIntosh; Murray; Muskogee; Nowata; Okfuskee; Okmulgee; Ottawa; Pittsburg; Pontotoc; Pushmataha; Rogers; Seminole; Sequoyah; Tulsa; Wagoner; and, Washington.

Counties formed out of the Oklahoma Territory: Alfalfa; Beckham; Blaine; Caddo; Canadian; Cleveland; Comanche; Cotton; Custer; Dewey; Ellis; Garfield; Grant; Greer; Harmon; Harper; Jackson; Kay; Kingfisher; Kiowa; Lincoln; Logan; Major; Noble; Oklahoma; Osage; Pawnee; Payne; Pottawatomie; Roger Mills; Washita; Woods; and, Woodward.

Counties formed out of both territories (mostly the Indian Territory): Grady; Jefferson; and, Stephens.

Panhandle counties: Beaver; Cimmaron; and, Texas.

The record books of the thirty judicial Recording Districts, the transitional form of government in the Indian Territory just prior to statehood, were not, as a general practice, preserved by the newly formed state counties. Consequently, the earliest land records in those counties start in November 1907.

In the Oklahoma Territory region, including the Panhandle, several large counties were divided into smaller counties. This sometimes affects the location of county land records.

Oklahoma has no state law requiring the preservation of records. The types and dates of records available may vary from county to county. There are books regarding Oklahoma county record holdings on reference in the library.

Locating where someone lived can be the most difficult part of getting copies of land records.

The 1900 (U.S.) Oklahoma Territory Census and the 1910 (U.S.) Oklahoma Census often give the name of the township in which the person lived at the time of the census. The library has Oklahoma county township maps on reference that can be used to identify the township and range of that named municipal township within the county of interest.

Sections 16 and 36 of government townships (township and range) were usually reserved as School Land, which could be leased but not homesteaded. The money from School Land was designated by the Oklahoma Territory, and its successor the State of Oklahoma, to go to the support of specific colleges and universities. Some townships, however, had no sections of School Land, and some were almost entirely School Land. The School Land Tract Books are kept in the State Archives, Oklahoma Department of Libraries. \*\*\*\*\*

From 1930 Census;

Name: Harold O Shaklee

Age: 11

Estimated birth year: 1919

Relation to head-of-house: Son

Home in 1930: Saline Township, Alfalfa County, Oklahoma

This is the farm across the road north from Mervyns farm south of Jet. It is on the North side of the road and is the family's home and farm for Fred's life.

Ann lived in this home until the age of 5, when her Dad Harold O Shaklee was called back to active duty for WW2. From there the family followed Harold to the Air Force Bases in Waco, TX, then to Wichita Falls, and then back to Waco, TX. While in Waco the second time, Harold got orders to go to Keflavik Air Base, Iceland in the weather wing.

The family stayed in Waco. When his tour there was over, he received orders to go to Charleston, S. C. He and the family moved to Summerville, SC, while he was stationed there for 3 ½ years. He then received orders to transfer to Wiesbaden, Germany. The family flew both times across the pond. This was Ann's first plane ride and it was a long one, as they boarded in

Charleston, SC and flew to Nova Scotia and then to Frankfurt, Germany. Harold and the family moved there except for Mike who stayed in the USA and attended college at Tonkawa for 2 years and then he finished up at OSU in Stillwater, OK. Ann graduated from General H H Arnold High School, and attended the University of Maryland College classes for her first year of college. Then Harold retired and the family moved one more time back to USA through Charleston, SC, where Harold actually retired, as they passed through. They relocated to Stillwater, OK. where Ann and David and Mike attended OSU. Mike did make trip over one summer to Germany. Ward and David for David Senior Trip from high school, he graduated same school as Ann, was a trip to England, basically hitch-hiked to London from Wiesbaden. They stayed in Youth Hostels, which is basically a bed and toilet at night. Ann and family did lots of sight seeing including a trip to Holland. Her dad took tons of photos and lots of slides of the trips.

Harold's first enlistment was with the Army Air Corp. and he was stationed in Albuquerque, New Mexico. They were stationed for a while there and Mary had a miscarriage. From there she followed him to Greenville, SC where Mike was born. Harold was shipped out from there to the Asian theater, Burma and China Theater.

He served as a navigator during this stint in the service in the 22nd Bomb Squadron. From a memento: Shaklee, Harold O.

Capt. Navigator Bombardier Lead serving with Steinbruegge, Norvell E. Capt., Pilot and with Snover, Delmer L.T/Sgt. Aircraft Maint. When he came home he came home through Germany and France, where he learned a bit of French. He also saw a couple of concentration camps there, but never talked about them at all. When folks would say that the concentration camps never happened, Harold would simply say, I know, I saw them!

Ann did not get her driver's license over seas. She learned how to drive and got her license after they came back into the USA. One did not need a license to drive in Germany as the buses were everywhere and really cheap to ride.

Every summer Harold had 30 days leave and the family would load up and drive from where they were living to the farm in Jet and stayed there for the entire time. This was before car Air Conditioning, and interstates. They always tried, if coming from the south, go through Chickasha and stop at a little ole ice cream place because they had the best malts around! They stayed with Harold's brother and his family in the Kieffer home, and Harold would help around the farm. Harold and Catherine let Don and Lucille live in their Kieffer home with their 3 kiddos while Harold was in the service. This was the first time Don and family had running water and plumbing in a home in their lives. Ann still tells of the nights on the front porch which was screened in and the kids slept out side at night on the porch.

Ann's first job was selling Stars and Stripes and newspapers and Magazines on Wiesbaden Air Force Base. She ordered the inventory and managed the booth there. She got to met a lot of young air men this way, and of course, Harold was not too excited about this job due to exposure to the Airmen! She did this for about 8 or 9 months. The family then came back to USA for the summer and Ann waited tables at the American Restaurants (Speedy's) in Stillwater, OK. which was located where the Forman Harley Davidson Dealership is today. They remodeled it but it is actually the lower front of the building. She earned about 2.00 dollars an hour plus tips while waiting tables. Then she started work at JC Penny's in Stillwater and worked there till she graduated from OSU. At Penny's, Ann decorated the windows and helped work on the floor. While there she met her first husband who was introduced to her by her second husband. but we will not go into that. This was for about 3.50 an hour, big money in those days. She worked and put herself through OSU.
